INTRODUCTION.

IN looking over the proofs of this volume, as it is about to be published, it strikes me as not impossible that some may question the wisdom of printing the numerous petitions relative to land grants which it contains, because of the limited number of persons to whom they appeal. I wish to say in reply, should such a question arise, that I have found such material of the greatest value to persons in locating residence and determining dates in family history. I have had cases myself where one of these documents would have been worth much more to me than the price of this volume, hence I have printed them in the belief that among the limited number of early Maine documents in existence they may not prove valueless.

The next volume, however, will probably comprise material of more general interest.

Letter from Brian Pendleton to Maj^r Gen. Leverett

Winterharbour Aug 21 1668

Maj^r Gen : Leverett

Kind Sir

Whereas
Maj^r Phillips wilbe ready (I question not) to excuse himselfe in all that opposition of his, in words or actions as being noe lett to the peoples meeting to chuse officers, the which I leave to yo^r owne judgement and consideration, of those evidences that already have been sent downe by the Marshall Gen^l all being said & done in publique. And now since I heare he hath p^ured some hands, to signifie that the people s^d the would not act in the Government untill the difference should be reconciled. The w^{ch} that you may the better understand, please to take notice: That some small tyme, before your Court held in July last at Yorke a warrant was Issued out under the hands of m^r Joslyn Maj^r Phillips & m^r Hooke to require the Towne to treat wth you at y^t time: Our people accordingly mett, but I suppose not one halfe of the housholders, at w^{ch} time some made answer y^t they would not act as is sd above: but

those that did speake spake onely for themselves, & not for the Town, neither was it any Towne act, w^{ch} I affirme as a wittnes, being there present, & another Testimony, you have here inclosed.

Since my last to you, & that the Marshall Gen : was here I sett up other papers at the meeting house, the Coppies whereof you have inclosed here, endeaouring If I may in a loving & peaceable way obtaine subjection to the Massachusetts Governement. what the Issue of it wilbe on Munday next I shall better know. Had the boat stayed till Munday night you should have been acquainted wth the successe. how ever, by the first you may expect to be informed. On the last Lord's day Maj^r Phillips being present he made a very large speech after the Evening Sermon of all the occurences, betweene the Marsh : Gen. & himselfe, as he did affirme. The matter were to tedious to write at large, but the scope I gather up into these 2 heads. (1.) That wheras he had opposed the Massachusetts from y^e Marshall because he did desart the cause, but would go down to Boston aboute it. (2.) To render mee as odious to the people as he could, & as his great Enemy, in this great trouble of his, more perticularly in sending up a beast at the Marshalls request for the carrying of him along with him to Cap^t Waldrens w^{ch} I did not wth any disrespect at all to Maj^r Phillips but wth respect unto those whose principle Officer the Marshall is, w^{ch} I shall alwayes be ready to doe as the Massachusetts shall have occasion to make use of mee. Here is inclosed the deposition of one, that saw maj^r Phillips pull down the warrant. If need be you may as I am informed) have another Testimony viz Indigo Potter of Charlestowne who is now in Goodman Cumbeys employ. // = // =

This that you have above expressed was intended to have bene sent by Cumbey it being written that very night he went away but I was prevented.

Yesterday being the 24 of this instant (the day appointed for to choose of[ficers] in Scarborough a considerable number of persons were present, viz above 2 [as I] feared so it proved, that Maj^r Phillips ample speech to the people the [day] before his departure, did more harme as in compli-
 ance of their spirits to the [Massach]ussetts Government, then any thing he did before to hinder yo^r proceedings. [There we]re but 7 persons that did adhere unto mee. The rest (viz many of them) [saide] that they would not act, except wee could shew something from his [hand] and them thereunto. Others departed silently away. I doubt that this [will e]ffect others in the severall townes, & provoake them to make some [complaint] in referrence to the Court in Sept. next, but I leaue it to yo^r [honors] considerations as not knowing what to advise. As the case stands [nothing is] done among the people. Wee are altogether without any Governm^t [but such] persons as cannot Govern themselves, will make of it (& doe) you Thus leaving the businesse & your selves, unto the wise, and [powerful h]and of the King of Kings, & Lord of Lords, ever begging that the [bless]ings of the earth, that Prince of perfect peace, would graunt [us that] wee may whilst wee are on earth lead a peaceable & quiet life

honesty Amen

I rest Your humble servant to be co^manded

sensure and acknowledge that I did inconsiderately
and out of foolish pittie receiue and conceale William

rest assured I was under a surprise and did nothing
therein premeditated, soe much to the prejudice of
sober gouernment, all w^{ch} I hope you will please to
consider soe as to abate much of the major part of
my fine remaineing, and alteration of the spetie, as
may bee within my capacity, otherways my dispersed

vndoeing to my family, great prejudice to my creditors and Employers. w^{ch} I hope is not the desire nor intent of the court, prayeing the lord of life to bee yo^r guide and yo^r well being in him is the great desire of yo^r supplicant.

[(& Jewry)] to take Cognizence that wee are parsons whome by our Aleigance are swoarne Subjects to the Great Prince of Orrange his heires And Sucsesers : and as such ware the Last yeare vndo^r the Coñmand of Cap^t Vrine Arnhoutson : Coñmano^r of the fflying horse ffrigott whome Receued from the Renōnēd Goverño^r : our Princes Representatiue at Carrysaw in the west-indias as a Genarall Coñition in our Princes Naime in Genarall tearmes : Comprehending to take Plundo^r spoyle and Poses anny

of the Garrisons Townes Terrytories Priveleadges Shippes Persons or Estates belonging to anny of his highneses Enemies : that are at varyence and in acts of Hostility against his highnes & the Great states of Holland.~

A accompt thereof to take : and the Tenths there of Secure & all Princely Prerogatiues indeauo^r to mayntayne for the Honno^r of ou^r Prince according to our Power : and Alleageance.

in psueance of w^{ch} Coñition our Frigott Arriued at Yew yoarke dureing w^{ch} tyme of our abode there to recrueit with vituall Cap^{tt} John Roades came to vs from Boston : who Gaue our Coñand^r such a Satisfactory accompt of his acquaintance on the Coasts of Nova Scotia and occada : and Rasionall Probabilities : of makeing ou^rselues Masters thereof to ad to or inlardg our Great Princes terrytories it being then Mantayned and Possesed by the french our Masters Implacable and Declared Enemies in open hostillitye wee did with a vnanimus Conccent all conclude to dispatch the Designe as an Honnor^{able} Expedition to w^{ch} end ingaged Cap^{tt} John Roades as our Pilott haueing Swoarn him to a leageance of our Prince the Prince of Orrange. our master. and then admitted him one of vs. our Princes Leige Subjects whare in Due tyme wee Arrived on the Coast of Nova Scotia : and Landed at Penobscott the Enemies Principle Garrison the w^{ch} in storming after a shortt Dispute. by Gods Blessing quickly made our selues Masters Thereof. but haueing not sofitient strenth to Leaue to Garrison the Place. wee Demolished the ffort and fired sume of the houses of the ffrench : bringing a way the Artillerye & Plundo^r And after wee had made our selues masters also of S^t Johns. Mathyas and Gamseake & severall other Places of ffortifi-

cation And Trayding howses of the freinch and Brought away the Plundo^r and Principle Persons Prisono^{rs} wee did not only Burrye in two Glass Botles at Penobscott & S^t Johns vndo^r Ground. A tru Copia of ou^r Cap^t Comition and a Breviate of the Mañno^r of takeing the said Places by the Swards of the Prince of orringe subjects for his hignes vse but also left both att Penobscot and Jamshoke Sume men of the poorer soart of oure Cap^{tives} the former Inhabytance whome had submited to be subjects to our Prince to whome wee gaue libertye to trayd and orde^d to keepe Possion for his highnes till farther ordo^r or Sum^m of vs Retorned theither//

wee then Coming a way in ou^r frigott to Boston where after you^r Authority was acquainted with our Comision and Enterprises w^{ch} was so farr satisfactory to them : as manufasted theire Aprobatation theireof by Admitting vs to dispose & share ou^r Plundo^r & sell our Marchandize & Plundo^r to the Inhabytants heere, yea ou^r Canñon or Great Gunñs being Bought for the Safe gaurd & vse of this very Colloñy whare our Cap^t was Adressed to by severall traydors to the Eastward belonging to this Jurrisdiction : to Grant them. Libertye to trayd in those his highneses the Princes of Orranges : psinctes taken by vs but by our Comando^r in Cheife was Refused whome Replyd to them that if there was anny Priveleadg of trayd to be had it did pperly belong to his men : who had with him ventered theire Liues with the Loss of there blood for it : And therefore all such psons vppon the Perrell of there being made Prize on was by him forbid Comeing to trayd on those Coasts, within our Masters psinctes. &c/ Yett not withstanding did sum^m of these psons : in Contempt in-trench on our Priviledges as is heere after Expresed,

ffor after our ffrigott was Goñ ffrom Boston : and the Cheife Comando^r had Given Cap^{tt} Petter Rodrigo & Cap^{tt} Cornelius Andreson with 8 more of there Consoarts an ordo^r to Retorne to new holland : Alias nova Scotia : & ocadda our Princes Lands (w^{ch} after wee had Gained it by the Swoard Called it as afforesaid New holland) And ordors from him there to trayd keepe posesion & in what vs Lay : mantayne our Princes Prerogatiues there = till farther ordor : either from our Masters in holland : or himselfe.

Wee then did with the Assistence of suñe Creditt in Boston fitt a Cople of smãle vessells out & went to new holland : Alias Nov^a Scoti^a whare as we ware on our coasts :

The ffirst English we mett with there was one hilliard of Salem whome finding him trayding on ou^r Coast Comanded him aboard whome imēdiatly Submiting and Complayning of his bad voyage And that he was ignorant of our being there we Returned him not only his vessell and Goods againe. but also all there Peltry And after we had Bought suñe Nesesaryes of them Paying them there Price for the Same we dismissed them : with an Admonition And warning to Com no more on there Perrall to trayd there with in our Masters persinctes.

The Second English vessell wee tooke was William Waldron : whome we had for warned severall tymes not to p^rsume to Com to take away our Priveledges : of trayd on therre Perall of being made Prize on by vs : yet in verry Contempt as wee may say he Came to take our trayd from vs : whom when we found him that he had ben trayding with the indians and was vppon our owne Coasts wee tooke him and made Prize of ownly his Peltry And after A Civell treating them dismissed them with is vessell and other Goods,

The third English Vessell : we tooke was George Maning whome was forewarned both by our Comādo^r of our frigott & our Selues at Boston : that if Came to trayd there in ou^r Princes Persinctes wee would make Prize of him : but now finding of them that he had ben trayding wee Comanded him aboard And demanded of him weather he had Anny ordo^r from the Honor^{ed} Governo^r or Authortye of this Place. to Com and trayd there or Anny Lett Pass from anny Authoritye of this Jurishdiction he tould vs no : So then finding his Peltry aboard him wee only tooke that from him : and Cively treating him : we tendred him also a Pass to Goe free from being againe Examened by our other Consoarts and also A Letter to m^r John Freake his Merchan^t that wee would Secure his Peltrye by it selfe & send it to Boston (with others) in the Spring. And if we did not then and there Cleare to be a Leagall Prize would Return it to his Employe^r againe, and in the mean tyme haue afaire Corry spondensy with them : to which End the said Maning went aboard his owne vessell And there invited Cap^t Rodrigo aboard, whom (after that Civell vsedg) he had Privately designed to murdor : haueing prepared a Pistell charged with a Brace of Bullo^{tts} vndo^r his Pillow And whilst he was a Drinkeing in his Cooke roome to a Pistoll^d him Butt was Discovered by the boye acquainting Cap^t Rodrigo to Looke to him selfe informing of his mastors Designe which Caused the said Rodrigo forthwith to Com out vppon the Deck : and rann to the Cabbin of Georg Maning according to the boyse information And found the Pistoll there Loaden : as aforesaid whome after he had in few words sharply Reproued : Georg Maning for his treacherous and Murdorous Designe. Cales for his owne Boot and Goes aboard

his owne Vessell: whare had not beñ Long. but vnexpectedly Geo: Maning haueing had all his Gunns and Blunderbuss Redy on his Decke at once Presented his Gunns at vs Leueling them each one at our men vppon our Decke, Desineing at once to Cutt them off, and then to Surprize vs and Cutt off the Rest. And whilst they ware Thus a ffireing at vs, as God in his mercie and Wisdom. ordored it. there Powdo^r fflashed in there Panñs and there Gunñs Did not Goe off (to Admiration by w^{ch} Meanes wee may all thanke God there hath beññ no bloodshead,) the w^{ch} oure Men: Perceueing at once Leapt Downe for there Armes. Cryeing Cap^{tt} shall wee be Killed without ffigthing for our: Liues: at w^{ch} word in A Maize euery man of vs hasted vp his Armes, and forthwith Gaue them such a Charge: as Coñmanded him aboard vs. then wee thought that wee had Good Reason to Condemne him wholly for a Prize but instead thereof wee only tooke his Goods and Gaue him his Vessell: againe and would a Dismissed, but he so earnestly beged and Besought vs that he might stay with vs, and that wee would take his Vessell and men into our Seruis at whose solicitation wee hired of him his vessell with him selfe & men: and ingaged to Pay him Seauen Pounds. p month: it being his first pfer & full demand of vs.

The ffourth and Last English Vessell wee tooke: was: viz^{tt},

Majo^r Shapleigh Barque whome wee ffound by Seu-erall Papers that they had not only trayded for Peltry but was Coñ. with p^uition ffrom Port Royall to Releue ou^r Enemies at Gamshoke w^{ch} Place had Reuoalted ffrom vs: w^{ch} actions to vs was Ground sofitient to make Prize thereof. but we only tooke from them y^e quantitie of three Beefes and a few skynes and

after a Civell Vseadge of them Gaue them a dismission :) &c After w^{ch} wee ware betrayed by Georg Maning to Cap^t Samⁿ: Mosely. whome at the taking of vs wee ware at one tyme psued And chased with vessells vndo^r both English french & Dutch Collo^rs Cap^t Samⁿ Mosely ffigthing vs vndo^r English Collo^rs And had Putt Both force and men aboard the french: and Georg maning fireing vppon vs vndo^r Dutch Collo^rs: w^{ch} manor of disiplyn and actions wee vndo^rstand not: And therefore with submission Desiere Cap^t Moselyes Comission: may be Produced and Read to the Honⁿ^{able} Bench [(and Jewrye)] that so it may Appeare weather the Cuntrey And Authoritye will vindecate not only such their actions Butt by fforce bringing of vs from out of our Princes Countrye Gained him by the Swards Leige Subjects and also his Accomodating of our Princes Declared Enemies with both force men Amoniton & pvition against vs. and thereby to disposes our Great Prince of his Rights Priveleadges & Prerogatiues So Honorably Gained him,

Thus may it Please yo^r Hon^{able} Bench [(& Jewrye)] we haue Given A shoart acco^mpt of our Particuler acts and tranceacons as they are in truth: &: Now with Leaue in the second place shall shoe by what Powre or the Reasons of our thus farr pseedings and wherfore wee haue thus Acted// as viz^t.

- 1^t Because wee Looke at and beleue Cap^t Vrin Arnhoutsons Co^missiō To be sofitiently Lawfull and warrantable for the takeing the fore Mentioned Places of Nova Scotia wth the Priviledges and trayd thereof To Ad to his highnes our masters Terrytories and also a like Confirmed Lawfull by this authority as by our Second Conseption heereafter: expressed//

- 2^{ly} A second Reason for ou^r thus acting is because wee ware pswaded and doe judg the ordor wee had from Cap^t Vrin Arnhoutson : as our then Cheife Co^mando^r had it ben only verbaly ware Equivalent with his Comision : vnto vs : that was Equally Concerned in the stormeing & takeing y^e same : Butt more Espepecially for the Keepeing Possesion & mantayneing our Princes Prerogatiues & Priveleadges w^{ch} wee had for the Honno^r of our Prince before so gained by our Swoards with the Loss of our Blood and Perrill of our Liues//
- 3^{ly} : Because of the great pvocations of: and Insolences Comited by the English in their first abusing and Plundering our subjects And Conquered Places before euer wee Assumed to medle with anny of yo^r inhabytants vessels. w^{ch} is more fully Explayned heereafter in the first & second Recited injuries wee haue sustayned//
- 4^{ly} : we had sofitient Reason because wee ware not vnsensible that y^e verry Places thus for our Prince Gained him by vs hath in all Changes of Govern^t ben a Lowed a distincke Priveledg Place of Trayd : And all p^{rs}ons Attempting so to trayd with out Licence from the then Present ppriato^s to be made Lyable to be made Prize on : and that both vessells and Goods, w^{ch} Propriato^s at p^{rs}ent wee owne ourselues to bee in the behalfe and for the vse of the Prince of Orrange to whome only we are Legaly accomptable for what wee haue donne//
- 5^{ly} : Because we ware farther Sensable that the Authoritie of this jurrisdiction hath taken such Cognizence of our Last foregoing Reasons as hath made it a Ground to Establish a Law : as an inhabytant. To

zeise both vessell and Goods of anny so trayding in the persincts of this Jurrisdiction : and therefore warrantable for vs to mantayne those formar Priveledges as we mind the vindecation and mantayneing of the Honno^r Prerogative and Priveledges of our Great Prince in this his highneses : Territories Gaind him by vs As afforesaid//

6^{ly} : Because wee being illiterate ou^rselues : or at Least the principle of vs : The Consideration of the Aproba- tion : of the Authority of this Place. Aproueing of ou^r Comando^{rs} Comision : Manufasted by Admiting vs not only to sell and share our Plundo^r heere but yo^r Authority Byeing our Great Gunñs. for the vse & safegaurd of this verry Jurrisdiction, Confirmed our : judgmen^{ts} in the Legality of our pseedings : and actions,

7^{ly} : Because those Comando^{rs} of the vessells wee did so take & make Prize off ware only such men whome wee had forbidden and Given fore warning not to Com to trayd or p^rsume on our Priveleadges in those our masters psincte vppon the Perrill of Being made Price : w^{ch} we Legaly might : according to the Practis of Sum of the Inhabetants of this Jurisdiction when they had the Powre as ppriato^{rs} of the very same places witnes the Case of Cap^t Spenser & others : but wee ware so favorable as tooke only there Peltrye :

8^{ly} Because further what wee haue acted hath not bin out of anny Mallace or Prejudize. wee haue to this Cuntry or ile will to the Authoritie thereof but out of a tru Souldiers of ffortunes intrest and Vallou^r and an vpright Honnest heart to Mantayne the Honno^r Priveleadge & Prerogatiues of our Prince w^{ch} wee haue Lately Espoused in his highneses Intrest in new holland Allias Nova Scotia, &c

And thus haueing Given the Honⁿo^{rable} Court su^m Principle Groundes and Reasons w^{ch} we make for our Defence and vindication: shall in the Third Place with Leauē give the Bench [(and Jewry)] a short acc^{out} of the injuries wee haue Sustayned: And Abuisses given vs: by yo^r inhabetents and then Leauē to yo^r worships Breasts to Consider: weather wee haue not benne sofitently p^{ro}oked to a acted with farr Greato^r Seuerritye then as yett wee: haue do^ñ:

- 1st Gamshake ffort. w^{ch} wee Left for a Garrison for those that wee Left behinde in w^{ch} wee putt su^m of the Honnestest and Poorer soart of the formar Inhabytents. that submitted themselues to vs: in y^e Possession theireof . . . and to Keepe the same for the vse of ou^r Prince vntill su^m of vs Retorned: but George Hollett. Rich. Suiet And John Greene: in october Last went to Port Royall: & from thence Trance Ported ffrench men: our Enemies to the said ffort & settled them theire: ffurnishing of them: with Arms Amonition & Goods. that when wee Came to S^t Johns Riuer: in order to Posses the said ffort: The ffrench so settled by them maintayned it against vs and being winter time wee Could p^{ro}ceed no farther but Retreated to Penobscott and the other of our Conquered Places whare wee found those wee left there welcoming vs and Redely yealding there obedience to vs: w^{ch} thing when Com to vnderstand wee thought it straing. that yo^r inhabytants should not only in-deauoer to Cercomvent vs of the Priveledges of our trayd with the Indians. the w^{ch} they might one would a thought haueing taken there share thereof a be^ñn Contented: and not a medled with states matters: in furnishing the ffrench ou^r Enemies: and suporting of them against y^e Dutch (with whome you

are at Amytie) and that in ou^r Princes owne Cuntrye. so that how this is Consistant with the Late Articles of Peace made betwext our Great masters, wee Leauē for the wise to judg.

2^{ly} The inhabytants of Pemequid or quack & severall English ffishermen Came to Penobscott whare did not only Breake. vpp: the Plankes of our Demolished ffort and Gott out y^e Iron worke and Speikes: & Carryed them away: but also Robed pilidged & Plundered ou^r Poore Subjects their. w^{ch} wee Left to keepe Possesion for our Prince till we Returned. of all their p^{ro}vision. and store w^{ch} wee Left them for to sustayne there Poore ffamelyes in the hard winter. that nessesitates the men to Leauē there wifes and children to Joyne with the Indians, and with them Runñ in the woods a hunting for there ffamelyes to Keepe them from starueing whilst yo^r English had taken there p^{ro}vision as aforesaid from them that when wee Returned, those our Subjects presently welcoming of vs: Gaue vs a p^{ro}tickeler accompt thereof with-all Declareing to vs, that the abuises they so Received from the English was teñ: times worse, then when the Dutch first came and tooke there fforts. and all this was done before euer wee offered to take anny of yo^r vessels: according to our third Reason, before Recited//

3^{ly}: On: March the 10th Last Thomas Coole of Nantaskett on of yo^r Inhabytants: Came to Maythijas a place whare wee had built A Trayding howse and Layd in a stocke of Goods. the said Coole Comes a shoare with his boat full of men: Armed with Gunns Pistels swards whare finding but foure of our men takes them at a Disadvantage: surprizes ther psons

Prisono^rs Riefels and Plundo^rs ou^r howse and Carryes away all ou^r Peltry and other trading Goods: Plucks downe our Princes flagg as it was fflying & Carryes our men Prisono^rs aboard his vessell and in pticuler binds Randall judsons: Arms behind him and tordned him ashoar for: foure nights & foure dayse without anny shelter or Couering in that Could Season: but in that Condition to be left as a pray to the mercye of his Enemies had they found him: and all this without any Powre or Comision from anny Authoritye So that how farr this Lookes like Pirazie wee Leaue the impartiall to judg://

4^y: Geo: Maning after that Ciuell vsedg shewed to him at our first takeing of him: that he should so secretly in a treacherous way, Contrived and Designed to Murdor our Cap^t & after discovered and our men all aboard our owne vessell: to Com vp vnexpectedly and Attempt to fire a broad side of smale shott vppon vs: who Could a done Less in there own Defence then wee did: yett wee Rewarded him Good for his Euell as witnes Geo. Manings owne Letter: to m^r John: ffreake. this Likewise wee desire may be Considered: with its Cercomstances.

5^y vppon Cap^{tt} Moselyes takeing of vs: this Geo: Maning, Reuoalts frō vs being then vndo^r both our Comand imploy & hire both for Men and vessell: and with a Lye in his mouth he betrayes vs. and afterwards fires vppon vs or ffights vs vndo^r Dutch ou^r owne Princes Collors: and how like new England Pirazie or Pirates this may be tearmed: w^{ch} Law of Pirazie Defines those: that Rise vpp in Rebellion against there Comando^{rs} marchan^{ts} owno^rs or Employers: to be such wee Leaue to the impartiall oppinion of both this Hon-

nor^{able} Bench [(and Gentlemen of the Jewrye)] to
judg : &c.//.

67 : Whilst wee ware thus taken by Cap^{tt} Mosely : hee had
before : ffurnished a ffrench man our Enemie : with
both men & force to assist him against vs. and after
wee so submitted : he Plundo^{rs} vs of all wee had Got-
ten the whole Winter. not only by ou^r Swoards from
ou^r Enemies : but all that w^{ch} wee had trayded : with
the stocke w^{ch} wee Carryed out of Boston : with vs.
and also our owne Goods & the Remaindo^r of the
Goods w^{ch} wee had on the Credit of those Merch^{ts} in
Boston, to whome wee are still obleiged, and thus
Brings vs all away from our Princes Cūntrey : Leane-
ing it to be Sirprized by ou^r Enemies. whilst hee : by
his Consoarts Reapes the Great Benefitt & Advan-
tadg of our Spring trayd, and that with our Good^s
And wee kept Closs : Prisono^{rs} all the while, and not
Admited neither ou^r owne nor yet a Copie of our
Comision or ordo^{rs} from : Cap^{tt} Vrin : Arnhouthson :
ou^r Cheife Comando^r and Papers taken from vs By
Capp^{tt} Mosely, by w^{ch} wee should better be Capassi-
tated to make our Defence, Although hath ben Re-
quested of Cap^{tt} Mosely severall times : and how
farr these actions are Consistant with the Maintay-
nence of that Amycable Peace Made betwext ou^r
Great masters : for there Subjects in these Parts thus
to act Wee Leaue to the wisdom of the Prudent im-
partialy to Judg whome are the Trancegressers : &c//
Thus may it Please the Hon^{able} Court [(and juriie)]
haueing Given suñ. shoart accompt. of the Princple
Injuries, wee haue sustayned Craue only yo^r Patience
to Give vs Leaue. with Submission, in the fourth And
Last Place to Present you with suñe few Consep-
tions of ou^r owne as an Aditionall matter for our

defence And Confirmation of our Reasons before recited & that Grounded vppon either Precept or Example of This verry Jurisdiction, viz^{tt} ~

1st Wee humbly Conceue: if our first Comision Given Cap^{tt} Vrin Arnhouthson by vertue of w^{ch} wee tooke the Cuntrye, be warrantable, & by Law Loyall, then as we ware pportionably Concerned: & Parties in that Expedition all that wee haue acted for the keeping Posesion & Mantayning the Priveledges of the Same for the Hoñño^r of ou^r Prince is alike warrantable and by Law Legall: for if the Cuntry thus Gained becoms thereby pperly the Stats of hollands Land: then all the interest and Priveledges of trayd in those his highneses p sincke Belongs to the Hollando^{rs} likewise,

2^{ly} Wee Humbly Conceue: that the Authoritye of this Place when they first saw our Comando^{rs} Comision and had a full & tru accomp^{tt} of our Actions: in there wisdom: had not benñ well & fully: satisfied in the justis: or justness and Legalytie: of our Enterprizes, they would not a suffered, anny such Goods or Plundo^r soe vnjustly to a benne Receued. or Sould Amongst yo^r inhabytants: By Reason (Receuers And takers in A sence: are termed alike) But rather: by a Discountenancing the same: would A boar a testimony against vs as an Enterprize vn-Lawfull: and so ilelegal &c.

Butt ou^r Comision and Enterprize, by this Authoritye was so well Aproued on & satisfied in: as boath ou^r Coñmando^r & men: ware Civelyly treated and Admitted to share and sell our: Plundo^r to yo^r Inhabytent: and ou^r Great Guñns: Bought By yo^r Authoritye for the farther Safe gaurd And vse of this verry

Collony : and therefore vnto vs : Confirmes our Enterprize, and Actions to be boath Lawfull warrantable and Legall : By w^{ch} this Authoritye, also : hath Confirmed our first before Recited Reason &c as we humbly Conceue.

- 3.^{ly} Wee Humbly Conceue, that should wee out of zeale for the Honno^r of ou^r Prince : through our want of judgment^t as being ileiterrate : or misvnderstanding of ou^r ordos^s Goe beyond our Comi^sion in anny of the acts wee haue donne. Wee are accom^{pt}able only to ou^r Prince for the same : at whose marcie wee are, who is sofitiently Responce^{able} to make Good añny injurie his Subjectes doth : (weather it be Reall or in Pretence) vndo^r a Collo^r of his name or Athoritye : hee haueing Security given in Holland from all prauateeters to make good y^e same before thire Comi^sion is granted them.
- 4.^{ly} Wee Humbly Conceue that as our Accusations touching Life, that we beleue the Authoritye of this Place is pper for the tryall and Determening this our Case (at Least without a joynt Consent) by Reason the ffact wee are Charged with was donne in the Hollandos^s Cuntrye : ffarr Enough out (with submission) of the Powre of the Charto^r of this jurishdiction, the Case and matter in differrance arriseing there by su^m English of the inhabytants of this Collony : intreanching vppon the Prince of Orrange : ou^r Great masters trayd & Priveledges in his owne psinctes : and that anny ordor or Comi^sion from either anny Authoritye or ppriato^r to impowre them : soe to doe but at the ownly Hazerd of their owne fortunes of being made Lyable to be made Prise off :
- 5.^{ly} Wee Humby Conceue : againe : that the Esentioll Part : of this, Difference Lyeth Not so Much in the Meum :

& Tuum: of Single psons Intrest properly as matters of Genarall Priveledges and Princely Prerogatives: and therefore none but ou^r Great masters or su^me imediately Authorized from them is Legally Capiable to take Cognizence thereof: so as to Contradict vs or hindo^r vs in ou^r dutye as obleiged by ou^r oaths & in Honno^r to mantayne to ou^r Powre, for ou^r Prince all fformar Priveledges in this ou^r Case vntill wee are Contradicted by ou^r Superiou^rs of ou^r Great Masters Leige Subjectes.// &c :

6.^{ly} : Wee Humbly Conceue if yo^r Honno^{rs} Please: only to Consult yo^r owne Lawse and Records and but Exercise yo^r Refletiuve ffaculties: by Lookeing back on the Practises in yo^r Remembrances: you will find such Parellel Cases with ours to bee tearmed warrantable and Legall://

That Putts vs to a startle how wee Can be questioned for ou^r Liues with Pirazie: without Breach of yo^r owne Law Page 143 Granting Libertye for straingers to haue Equall Priveledges of justis as yo^r owne inhabytants, without Parshallitye.) and that wee may Cleare this ou^r Argumen^t wee shall indeauoer to Euince the Honno^rable Bench [(and Juriie)] with the truth of ou^r Assertion: by Su^m pticuler Instances: w^{ch} wee may appeale to the Contieñces of Su^m of yo^r Hoñño^{rs} Breasts for the verrytie of a Good Part theire of: viz^{tt}//

1st Instance, Majo^r Sedgwicke, that well knowne worthy Comando^r: whome in his Comision for these parts doubtles by pticuler instructions was designed agst new yoarke, the Dutch being then declared enimies Although his Comision at Lardg against anny of the protecto^{rs} Enimies (if su^m of vs then ware not mis

informed) but when he Came heere. before he Could Gett Redy : newse of peace betwext the two states Came that tordned his Expedition another : way : to those verry french fforts : w^{ch} places after so taken : became the then states of Englands : Lands trayd and Priveledges. w^{ch} was by this Authoritye Counted warrantable and Lawfull : A Case p^{ell}ell with our first before recited Reason : whare ou^r Cap^t Comission though in Genarall tearmes. against ou^r Princes Enemies yet p^ticulerly Expressed to Com to these Parts. on the Coasts of Vergina against the English : our Enemies : as the Dutch ware then, but sence our Coming Into these parts the welcom newse of Peace Came betwext ou^r Great Masters, that tordned ou^r Expedition another way : to the makeing ou^rselues masters : of the selfe same fforts and Places now Gained from ou^r declared Enemies : and therefore those Lands : trayd And Priveledges, of Nova Scotia are now properly becom : the staitts of Hollands Proprietye and so with submission wee humbly Conceue alike Lawfull & warrantable,

- 2 Instance, Those officers and souldiers : major Sedgwicke Left behind to keepe posesion, Looked at it as theire Dutye to mantayne those Priveledges of trayd in those parsinctes : w^{ch} they ware actiue in Gaineing by the Sward, for doeing of w^{ch} they ware not deemed Pirates but by this Authoritye such actions then : ware accompted just and Legall : a Case Par-ell with ou^r Second before recited Reason wee being p^{ersons} Equally : ingaged in the Gaineing the Place with the Loss of ou^r Blood and Perrell of our liues and thereby obleiged to mantayne the Priveledges. thereof & therefore ou^r Actions therein a Like Legall :,

- 3 Instance. Both in Major Sedgwick & Collonall temples tyme and all other chang of Governem^t those vessels that hath Presumed to a traided with the Indians: in those psinctes without Lycence from the Propriato^{rs} hath Ben deemed by this Authoritye Lawfull Prizeis (to pticularize. the Case. of Cap^t Spencer not out of memory :) A case pelell with ou^r 3: before Recited Reason: whare: we being for ou^r Prince, till further ordor the present ppriato^{rs} such vessells: Coming not only without ou^r Leau^e: but in Contempt to vs after fare warning, to vsurp from vs our trayd, and Priveledges: becom̄s Legaly a Like, Lawfull Prize, //
- 4: againe, for anny Private inhabytent in this Jurrishdiction to zeise and make Prize both of vessell and Goods, of anny: so trayding in this Jurishdiction it is by yo^r Law Page: 75: warrantable: w^{ch} Case is pelell with ou^r fourth: before recited Reason: whare wee in like nature Acting for the Priveleadges for ou^r Prince in his Territories may with submission to yo^r Honno^{rs} Judgm^{tt} be a like warrantable //

So that we thinke we may say, we haue either by Precept or Example of the Practises or Lawse of this Cuntry: for to justifie the Legallitiie of what wee haue donne, without being deemed Pirates, the Cercomstances of w^{ch} with submission shall Leau^e to the Breasts of the Hon^{able} Court: to seriously Consider //

Butt seventhly and in the last Place without troubling yo^r Honno^{rs} farther wee Humbly Conceue: that if the Authoritye vppon heereing and Debateing our Case see Ground to aquit vs as wee see no Cause to the Contrarye, yett wee Cannot but pswade ou^r Selues that there must be Such a Comodations propossed or

found out as Rationally might Reconsile all psons agreeued or injured on boath sides : that so ou^r masters might heere only of the Amicable according of their Leige Subjects in these Parts of ou^r Great masters territoryes :

Thus may it please the Hon^{able} Court haueing vouchsafed vs yo^r Patience now to beare with our Copiousnes : Excuseing ou^r obserdityes Pardon ou^r Bouldnes and Accept of this ou^r Deffence, and declaration as wee are not only in the vindication of ou^r persons Arraigned for ou^r Liues, but the Honno^r Priveledges and Prerogatiues of ou^r Prince w^{ch} as swoarn subjects : wee are in good Contience to ou^r God : tru valou^r as souldiers and Loyaltie to ou^r Lord and master obleiged to mantayne to the Last Drop of Blood : in ou^r Bodyes And surely then : wee that hath so oft Hazarded and jeoperded our liues for trifels or things of Nought : wee hope shall not vppon so Honorable accompt : be affrieghted at the threatening of Death : for its not that wee feare. being Conscious to ou^r Selues That it is not imposeble for men by the subtlety of there Adversaryes to be Cheated out of there sweet liues when in justis they Cannot be taken from them : but blessed be God that we haue not only Ground to hope but beleue ou^r Lott is not Cast in such a place but amongst mersifull judges, and men so feareing God as we doubt not but will judge for God : And then : will : before judgment Consider That what wee haue Donne and acted against anny of the Inhabytents of this Jurisdiction, hath Benne, from the Reasons Before Expressed, and not out of anny Piraticall Designe, or mallas to the Cuntrye, but in Honno^r and Aleigence to ou^r Prince, and if we haue Earred therein : wee

hope the the Hono^rable Court will impute it Rather,
 to ou^r ignorance. then anny Mischeife Designed by

Asociates being officers and Souldiers, belonging to the Prince of Orrang. and as his Subjects & servan^{ts} in habytents in new holland alias nova Scotia And now Prisono^{rs} in Boston in N : E : being in Answare to theire Charge of Pirazie for w^{ch} they stand impeached by the Inhabetants of this Jurishdiction w^{ch} s^d Decleration : in the Penning was designed there defence in this Court of Assistence but in the intrem : being Called to an Examination before the Hon^{able} Court of Admaralltie is theire Lodged with other Papers : w^{ch} wee presume is in Redynes for this Hon^{able} Bench And jurye to Call for : in ordo^r to Reueiw : the Same~

May it Please the Hon^{able} Bench//
And Gentlemen of the jurye//

As wee are in defence fo^r ou^r Liues give vs Leauē that wee may haue all Euedence heard that is for vs and Cognizence taken thereof as well : as well : as Cercomstances against vs : And to Make ou^r defence with a Submissiue Bouldnes as becoms y^e Cause & Honno^r of a Prince : whose Subjects & Servants we are : & his honno^r Priveledges & Prerogatiues wee Looke in Good Contience we are bound to mantayne with the Perrell of ou^r Liues according to ou^r Powre and a Leidgence and Sence as straingers of a nother Nation wee ar not Denyed but ffauored to Express ou^r Broaken English by way of Decleration & so to Answare for ou^r selues to what wee ar Charged with so well as wee Cann : to that End wee humbly Desire that all ou^r Papers Lodged in the Court of

Admaraltie as well for vs as agst vs may be heere pduced and ou^r ordo^{rs} from Cap^{it} Vrine Arnhoutson : also the Euedences we haue there for vs ; together with ou^r decleration Contayneing thirteene Pages : w^{ch} Given there as our plea & Answare for ou^r Defence, may be againe Read : and delivered to the Gentlemen of the jurye to Consider the Cercomstances thereof according to Law : this being done wee haue litle more to say for ou^r selues : then what is in them Contayned : so that if anny pticuler of vs is accused or Charged with anny thing y^t is not Contayned in these ou^r Declerations we doe not joyntly Consearn ou^r Selues therein but Let or Leaue anny such pson in pticuler to [answer] for them selues : only with Submission to the Hon^{able} Court the improvement of all ou^r Declerations and ordo^{rs} wee would make for ou^r selues is this

- 1st wee humbly Conceue : that if the Land and places in Nova Scotia Gained ou^r Prince from the frence his Declared Enemies be now pperly deemed the Hollondo^{rs} Land then all the trayd and priueledges of the place as hath ben in all Changes of Governmen^{ts} is the hollondo^{rs} likewise and y^t in ou^r Aprehention wee haue Reason to be leuee it is so : please to see ou^r 1st & 6 : Reasons & ou^r 1st & second Conseptions in ou^r said decleration : and therefore ou^r actions in mantayneing our said priueledges hath ben by vs Legall & not piraticaly designed :
- 2 Wee Say of the Hollondo^{rs} Land & Priueledges : then with Leaue & submission wee humbly desire to be satisfied, by what powre or Authoritye this iurisdiction challenges a Priueledge in that Land : or at Least such a powre as to fetch vs the Hollandors Subjects & Servants : from out of this there owne

Lands : Left there by their Superio^rs to keepe possession off & trayd in till farther ordo^r : vide ou^r 4th Conception And if anny Law for it then with Leauē & Submission we desire to to know by w^t pticuler : Express Law or statute of this Cuntry it is you act by warranting the same according to the Expressions of yo^r owne : Lawe margent : titled Civel Priveledges : in page 1 : of yo^r Law Booke//

3 wee humbly Conceue that anny pson or subject acting by either ordo^r or Comision from there Superiours if in the Execution of there office or discharge of there trust comited to them : they act nothing but what is either Expressed or implyd in there said Comision or ordo^r all such parsons doth then act nothing but what there said Comisiõ or ordo^{rs} soe Given : will beare them out in it, vide the pticaler Cases & Cercomstances in ou^r 6 Conception of ou^r said decleration, And fourthly

4 And Lastly that our ordo^{rs} from Cap^t Vrine ArnHoutson ou^r there Cheife Comander by Express words doth impowre vs : to trayd & keepe posesion : for our prince till farther ordo^r See ou^r Respectiue ordo^{rs} Rightly Read & interpreted And what wee vndo^r stand is therein implyd by (Keepeing posesion) And warranting ou^r action : wee shall : with Leauē & Submission in short demonstrate. viz^{tt}

Wee humbly Conceauē : that the Expressions : of Keeping posesion in our ordo^{rs} is indiffinaty and in a Genarall Sence Spoaken : and not to be vndo^rstood to keep posesion of a part and Let the othe^r part of eithe^r Lands or priveledges to be taken from vs : with submission that is not the meaneing : but if we mistake not it is according to ou^r Powre to keepe posesion of and mantayne all : the Rights Priveledges

desiere Advice & ordere Sir vpon the first Newes of the wares with the Indianes at Plimouth diuers persone from Kenibek & Shepscott gott togeather makeing them selues oficers & went vp Kenibeke Riuer & demanded the Indianes Armes who Came downe Quietly & Brought & deliuered thear Armes how thay wear Treated with Captain Thomas Lake Can Better Inform you then my self & now I vnderstand Liutenent Sillvanus Davis did Againe Requier their Armes thay Refused to deliuer them & Kept in hold as I vnderstand his men sent to them for to or thre daye but at last sent them Away without any farther harme to persones or goods my doubt is seing these Indianes Amongst vs liue most by Hunting as your Honnor well Knoweth how we Can Take Away their Armes whose liuelywood dependeth of it.

And seeing these Indianes in these parts did neuer Appeare dissatisfied vntill their Armes wear Taken Away I doubt of such Acctions whether thay may not be forced to go the french for Releife or fight Against vs hauing nothing for their suport Almost in these parts but their guns Sir to dayes Ago thre Indianes Came to me from saint Georges Riuer as it is Called whom I Sent to fetch som of the Sagimouers from Kennibeke Riuer to me that I might treat with them who willingly went but by the way thay mett with an Indian who told them he came from thenc & that thay wear fled into the woods as he thought & Could not speke with any) so these persones Returned & brought me this Newes whom now I haue sent Againe to see if thay Can find anny of these Kennibek men & to bring them to me to the End Aforsaid who haue promised in sixe dayes to be hear Againe & bring vs Newes how things stand or the persones Sir I do not find by Any thing I Can discern that the Indianes East of vs ar in the least our Ennimies only fly for fear from Any boats or English thay se & good Reason for thay well Know it may Cost them their Lives if

the wild fishermen meet with them Sir I doubt wheather we should Kill these Kennibeke Indians if we meet with them that haue not Killed any of vs & who those persones ar that haue Killed our frinds in Casco or Robd the houses on the south side of Kennibek doth not yet Apear I supose it may be som stragling persones from the Southwards Most persone think fitt to go into the woods & Kill or sease on All Indianes thay find but for my part I hearing thay ar fled from their forte & liue in the woods think such proceedings will not only be frutles, but ouerbalanced with Abundance of Danger but do think best to get our selues into as defensue A posture as we Can Thus Sir if you will be pleased to let these Bearers to Returne with powder & shott for our suply & your orders & Instruktions in the premises & your prayers to god for our Asistanc which we Craue you will Obledg him who is your Vnworthy Servant to pray to him who only hath wisdom to direkt you & Power to help vs all in our Need that his Asisting presenc in all your weighty Afayers may be with you

 them: So I went with the messengers to m^r Munjoys: and
 there the said Co^mitty kept me as a prisono^r till such time
 as I had Engaged to deliver the said Barrill of Powder to
 such persons as they should send for it: whereupon they
 then sent men with me to my house to receive it: unto
 whome I was forced to deliver it and they carryed my bar-

Honour S^r

After all due submission to yo^rself wth the Honoured Councill these are to declare y^e state of o^r affaires at p^rsent, since y^t by Jo: Shurt o^r men being sent vp y^e riv^r to secure those barnes of Corne left w^{ch} accordingly the applyed y^mselves to doe & to reparaire o^r water mill (being oⁿely releif for grinding) they met wth no opposition nor could have sight for 3 daies of above one Indian vpon the 3^d of this Curr^t they having finished one mans corne & vpon loading of it in canews 29 of o^r ptie being there were assaulted & surrounded by at least 60 or 80 Indians & had bin all [cut] of had not Ser^t Tippet come in wth his ptie to their timous releif who was on y^e other side river to help wheat &c out of another barne wherevpon the enemy retreated into the bushes it being a foggy day could not soe well discern

w^t execution they did vpon y^m more yⁿ disabling one Indian soe as to leave his Speare behind him, much firing on both sides owne of o^rs wounded one drowned by hasting into a Cano, next day a souldie^r of his owne accord went downe y^e marshes & hallowd & an Indian came vp to him being of Piscataquay & his acquaintance they plead & smok't a pipe of tobacco together, the Indian having laid downe his gun & he seemingly did y^e same, a small riv^r pting y^m (y^e larger narracoñ C. winkall & my Self have sent to Maj^r Walden to be con^teyed vnto o^r Maj^r Genll I refer y^r Honours vnto) y^e substance of y^r discourse was they willingly would have peace, & kept 2 women, two casco children, foure men prisoners to dl^r vp if it might be &c if not let time & place be appointed & they would fight y^e english & as it was misreported vnto C. Winkel & myself they would stay 48 houres for an answer but it seemeth it was y^e next day, the Indian gave his signall next day but none having an order to treat him [our] men [took] care to secure the wheat threshd out, & a shallop being there to fetch it if they sent none to discourse him, vpon w^{ch} the enemy had done y^e day before & y^t during the parlee fired stackes of hay & some houses, o^r men y^t afternoone being pinched for want of bread & victualls, could not be prvailed wth by their officers to continue in y^t farme house w^{ch} they had fortified vntill further order w^{ch} was designd a retreating place vpon fighting y^m, though a small riv^r pted y^m & y^e Indians rendezvoux, in order to fighting y^m I had visited y^e next garrison & drawne of w^t I durst to assist o^r souldio^rs vp y^e riv^r, but towards y^e evening vnderstanding o^r mens resolves, sent y^m vp bread &c with an exp^rsse charge not to desert y^e place wthout further order, but it could not come to y^m soe as to hinder their moving downe w^{ch} was vpon the 5th day Curr^t in the night, next morning we designed y^e settling y^m all vp assoone as y^e tide would pmit & had orderd all to y^t end, but vpon y^e sight of the enemies burning of y^t house w^{ch}

they had fortified & of my barne of Corne w^{ch} was left unburnt there, wth advice of Cap^{ne} Winkell & the rest of y^e officers, we alterd o^r designe & this day purpose wth all o^r strength to fetch in the Inhabitants Corne, left in their deserted houses, the enemy firing all before y^m in w^{ch} doing an opportunity of fighting y^m may allso p^rsent w^{ch} o^r souldie^{rs} long for but we want fixed armes [most] of those sent, not serviceable & two or three disenabled in o^r last ingagem^t, please to dispatch o^r supply of flints &c sent for in my last to Maj^r Clark we are in distres for want of y^m, especially bread not having two dayes bread left at a Cake a day w^{ch} is y^e allowance I reduced o^r souldi^{rs} into at first coming, w^{ch} bread is borrowd from fishermen & my myself, we have no grinding neerer then Piscataquay, not else but begging prayers & y^t y^e Deluge of sin w^{ch} I p^rceive is among o^r souldie^{rs} aswell as Inhabit^{rs} may be stopped by reason whereof this overflowing scourge pursueth vs (this place being now y^e seat & center of the Easterne war) Casco Quenybec being all quiet & peace as by yesterdaies intelligence I understand, I humbly subscribe myself

The Petition of William Griffith

Humbly Sheweth that yo<sup>r</sup> Petitiono<sup>r</sup> hath a great famaly and some of them have beene Sick for a Considerable time and his famaly have their whole dependance upon his labour

and employm<sup>t</sup>: and about three months since yo<sup>r</sup> Petition<sup>r</sup> was Prest to goe out in the service of the Country to Black Point: and Considering the urgent necessities of his famaly, he was forced to hire a man to goe out in his roome: and agreed to allow him ten Shillings p weeke: and also that he should have all the COUNTRYES pay: which said man hath beene at Black point above three month: Now Yo<sup>r</sup> Petitiono<sup>r</sup> humbly Craves the favo<sup>r</sup> of yo<sup>r</sup> Hono<sup>r</sup>s to consider that he is a poore man and hath a great famaly: and to pay Six or Seaven pounds out of his Labour besides the main-tenanc of his famaly, (in this time when traiding is so dead) will be Exceeding difficult: therefore humbly begs that yo<sup>r</sup> Hono<sup>r</sup>s will please to give order for the release of the said man by him hired as affores<sup>d</sup> (namely Samuell Johnson). So shall he for ever pray for yo<sup>r</sup> Hono<sup>r</sup>s &c

To the Honorable Gov<sup>r</sup> & Councill

The humble peticon of the Inhabitants of Scarborough

Whereas by the good hand of fav<sup>r</sup> of God & Encouraging protection wee have hitherto bin p<sup>r</sup>served from the rage & fury of the heathen, & though sundry have left o<sup>r</sup> Towne yet the subscribers doe intend not a man of vs to leave our station without a speciall order from yo<sup>r</sup> Honours nor without the leave of o<sup>r</sup> Comanders if yo<sup>r</sup> Honours shall think meet to incourage o<sup>r</sup> continuance by vpholding a small garrison among vs otherwise to send vs convenience for o<sup>r</sup> transporting from hence we not being Capacitated to beare the charge of it o<sup>r</sup>selves, we humbly conceive it will be an

expedient to maintaine the English intherest in his Ma<sup>ties</sup> Dominions & yo<sup>r</sup> honours happy government which we heartily pray for y<sup>e</sup> Continuation of, & we further are bold humbly to suggest, that it will not onely tend much to y<sup>e</sup> da<sup>m</sup>age of the whole Countrey but to y<sup>e</sup> dishonour of y<sup>e</sup> nation, that a place soe naturally seated for defence vpon which there hath bin somuch laid out to fortify should either be dismantled or deserted to y<sup>e</sup> publique enemy, it being the frontier & if not supported the whole County in all probabillity will be ruinated. In hope of yo<sup>r</sup> Honours further fav<sup>o</sup> we humbly pray for yo<sup>r</sup> peace & p<sup>s</sup>perity.

Right ho<sup>ble</sup>

Y<sup>a</sup> may please to rememb<sup>r</sup>

That in Decemb<sup>r</sup> last wee did by o<sup>r</sup> hon<sup>ed</sup> John Leueret Esq<sup>;</sup> present to y<sup>r</sup> hon<sup>r</sup> a short narratiue w<sup>th</sup> a printed pap Declaring the state and condicōn of this and other his ma<sup>ties</sup> Colonyes & plantacōns in New England (in reference to a warr wee were ingaged in w<sup>th</sup> the pagan natiues of the Country) humbly to be rep<sup>s</sup>ented to his Sacred Ma<sup>tie</sup> : A better account (as to the yssue thereof) wee then hoped, wee should have bene able to haue giuen by the next conveyance : but such hath bene the wise and ofūruling providence of almighty god, that o<sup>r</sup> losses & calamyties, hath since that tyme, bene much increased and augmented, and there is none amongst vs that can tell how long, o<sup>r</sup> holy god (for o<sup>r</sup> sins) p<sup>m</sup>itt this barbarous heathen to afflict and distresse vs : Wee shall not p<sup>r</sup>sume to giue y<sup>r</sup> hon<sup>r</sup> the trouble of repeat- ing what for<sup>m</sup>ly wee informed, as to the beginning & ryse of this warr : but humbly p<sup>r</sup>sent to y<sup>a</sup> the p<sup>r</sup>ceedure thereof and what hath befallen vs since that tyme,

About the 10<sup>th</sup> of Dec<sup>r</sup> last, wee w<sup>th</sup> the Colonyes of N : Plymouth & Conecticott sent forth about 1000 men, w<sup>th</sup> some Indians in Amyty w<sup>th</sup> vs, against the Narragansetts

one of the greatest & most considerable people amongst theis barbarians. Whoe notwithstanding all their former ingagem<sup>t</sup>s and p<sup>m</sup>ises had ayded & abetted Phillip Sachem of Mount hope and other o<sup>r</sup> Enemyes and Dealt treacherously w<sup>th</sup> vs. Theis marching in the depth of wint<sup>r</sup> (a tyme judged most <sup>optune</sup> expedient to distresse them) into the Narragansett Country after much hardshipp indured, assaulted them att their head q<sup>r</sup>ts in a rude ffort, they had made in a great swampe, or groue of trees and vnd<sup>r</sup>wood, where vpon o<sup>r</sup> knowledge & the confession of some captiues then taken many hundreds of them were slaine, their howses or wigwams Destroyed, and they dryven from thence about 40. myles vpp into the Nipmug Country towards Conect. Ryv<sup>r</sup> whith<sup>r</sup> our fforces pursued and slue many of them: but not w<sup>th</sup>out some consid<sup>r</sup>able losse of o<sup>r</sup> owne in o<sup>r</sup> first ingagem<sup>t</sup> att there ffort, where wee had slaine about .70. & twice soe many wounded. att the last pursute not aboue .3. or .4. Our forces hath bene out since in the pursute of them more then 100. myles to the westward and o<sup>n</sup> Conecticott Ryv<sup>r</sup>: but cannot meete w<sup>th</sup> anybody of them, their ma<sup>n</sup>er being to remoue from place to place almost eu<sup>e</sup>ry day, leaueing their wom<sup>n</sup> & children in hydeous swamps & obscure vnaccessable places, of w<sup>ch</sup> the Country is full and the men sometymes dispeeing themselues in small pties all o<sup>n</sup> the Country and by ambuscadoes & secret skulkinge soe infests the passages and highwayes that many teamest<sup>r</sup>s hath thereby been cutt of. And then againe on a suddaine multitudes of them gath<sup>r</sup>ing togeath<sup>r</sup> falls vpon o<sup>r</sup> out Townes (w<sup>ch</sup> for their conuenyency of tyllage &c. liued dispeed a great Distance from one anothe<sup>r</sup> soe y<sup>t</sup> it was impossible to p<sup>r</sup>serue more a few fortified howses that were in those Townes, the incursions of the Enemy being soe suddaine & haueing in a few howres, fyred the deserted howses & barnes &c. are as suddainly fledd into the woodds and hyding places, before any releife

could possibly come vnto o<sup>r</sup> people, whereby it is come to passe that many in o<sup>r</sup> Country Townes and ffarmes are destroyed & many of our people brought to great want & extremity both in this Colony & that of Plymouth, and some Townes vpon Conecticott Ryv<sup>r</sup> and the like in that pt of the Country to the Norward of Paskataq, Ryv<sup>r</sup> called yorke River formly the Province of Mayne. May it please y<sup>r</sup> hon<sup>r</sup> to be furth<sup>r</sup> informed that imediatly aft<sup>r</sup> the begining of this warr by Phillip Sachem of mount hope in the Jurisdiccoñ of Plymouth, it was suddainly disped all ou<sup>r</sup> the Country .2. or 300. myles from Kenebeck noreast to the vtmost bounds of Conect. Jurisdiçcoñ southwest, as if it had bene a p<sup>r</sup>meditated Jesuiticall contriuance complotted long before, and though wee indeav<sup>r</sup>ed to the vtmost of o<sup>r</sup> power, to releiue and succ<sup>r</sup> (att o<sup>r</sup> great charge both by sea & land) those Townes & plantacõs to the Norward of Paskataq, Ryv<sup>r</sup> yet by reason of their remote liueing, one from anoth<sup>r</sup> & the incomodious scituacõ of their Townes they could not be p<sup>r</sup>serued: but are mostly destroyed, many of the people being slaine, and the rest retyred to places of bett<sup>r</sup> security. Wee judge according to o<sup>r</sup> best computation, that since the begining of this warr there hath bene slaine of his Ma<sup>ties</sup> subject about 500. seüall Townes or vilages some wholly some in pt ruyned. the howses burnt not easily to be numbred; the people much dstracted, husbandry and trading much obstructed, & scarcity of bread corne & oth<sup>r</sup> p<sup>r</sup>visions much feared, if god should p<sup>r</sup>mit o<sup>r</sup> Enemy's furth<sup>r</sup> to p<sup>r</sup>vaile, and hind<sup>r</sup> o<sup>r</sup> planting and reapeing, as vndoubtedly they will indeav<sup>r</sup> to doe the vtmost of their power.

Wee haue expended in the p<sup>r</sup>secucoñ of this warr more then 2000<sup>l</sup> agreat some for soe poore a people in a wildernes w<sup>ch</sup> yet wee should cheerefully vnd<sup>r</sup>goe, could wee see but a p<sup>r</sup>bable way how we might secure w<sup>t</sup> remaines of his Ma<sup>ties</sup> interest & o<sup>r</sup> owne yet remaines agst o<sup>r</sup> barbarous & blood-

thirsty Enemyes, o<sup>r</sup> great want for the carrying on of this warr and bringing of it to a good conclusion, is money, some armes & a few men many of o<sup>r</sup>s being lost or disabled for service since the begining of this warr and very many hands necessarily employed in makeing fortificacons & p<sup>r</sup>viding habitacõns for multitudes of people deprived thereof, ffor such is the ma<sup>n</sup>er of o<sup>r</sup> Enemyes fighting flying retreat- ing & incursions w<sup>th</sup> many oth<sup>r</sup> advantages that wee judge it much easier for the people of this Country to Defend themselues agst many thousands of a forraigne nation then agst. .2. or .3000 of theis barbarous heathen. Att o<sup>r</sup> first comeing hither vnd<sup>r</sup> the Countenance & p<sup>r</sup>teccoñ of his ma<sup>ties</sup> royall ffather of blessed memory more then 40 yeares since it was o<sup>r</sup> great care to see all the people vnd<sup>r</sup> o<sup>r</sup> go<sup>u</sup>rn<sup>t</sup> well armed & constantly trayned, that wee might be able to defend o<sup>r</sup>selues and p<sup>r</sup>serue the Country agst any inuasion of Enemyes. the Inds. then had few or noe firearmes and we had strickt lawes p<sup>r</sup>hibiting the selling of them any vnd<sup>r</sup> seuere penalties: but in a short tyme they were furnished by the french & dutch w<sup>th</sup> as many as they could buy & soe now haue as many as they desire, and many of them doe affirme they are encouraged and animated by the ffrench att Canada (who also as they say haue p<sup>r</sup>mised them recruits of amunicõñ and ayde of men this sumer great quantyties likewise of amunicõñ they say haue bene brought to them by some Dutchm<sup>n</sup> whome they name) ffrom ffort Albany, w<sup>ch</sup> wee haue much reason to beleeeue, for in wint<sup>r</sup> both by their owne confession, & by some p<sup>r</sup>son<sup>r</sup>s wee tooke it apped they had but lyttle. Wee haue intimated thus much to Maj<sup>r</sup> Andros the Go<sup>u</sup>rn<sup>r</sup> of yorke who wee hope will doe his vtmost to p<sup>r</sup>vent the like for the future. Wee are not vnseñceable of w<sup>t</sup> concerne the keepeing of this Country, is not onely as to o<sup>r</sup> owne welfaire but as to his Ma<sup>ties</sup> interest in se<sup>u</sup>all respects & therefore shall willingly spend o<sup>r</sup> liues & o<sup>r</sup> all for the p<sup>r</sup>servacõñ thereof, humbly beseeching y<sup>r</sup>

hon<sup>r</sup> to beleue that the losse & sufferings that hath befallen vs hath not pceeded from want of care in the goũm<sup>t</sup>, or conduct & currage in the comand<sup>r</sup> or soldiers whose resoluconẽ and forwardnes in ingageing vpon to great disadvantages is rather to be blamed, yet soe it must be or the Enemies not fought w<sup>th</sup> at all. Wee are vnwilling and ashamed, but necessitated to make knowne the trueth vnto y<sup>r</sup> hon<sup>r</sup> that for the carrying on of this warr & bringing of it to agood and hopefull conclusion, wee want money amunicõn & armes for the Country is become poore & brought very lowe./

The contynuançe of his Ma<sup>ties</sup> smiles and royall fav<sup>r</sup> vnd<sup>r</sup> whose shadow & princely grace wee haue bene contynued a people hith<sup>r</sup>too will deeply oblidge vs by Duty & many obligacõns already bound to implore the blessing of heaven vpon his Ma<sup>ties</sup> pson royall ffamyly & goũm<sup>t</sup>. And that y<sup>r</sup> hon<sup>r</sup> may be blessed here & eternally blessed hereaft<sup>r</sup> is the earnest prayer of/

which time once upon a Scout passing over some Ice his horse fell under him and brewsed his leg verry soar and broak his Guñ also and after, being dismist by Cap<sup>t</sup> Scotto and being at home, when the Maj<sup>r</sup> Gener<sup>ll</sup> propounded for Vallenteers under y<sup>e</sup> Co<sup>m</sup>and of Maj<sup>r</sup> Savage, Considering the great necessitie of relieving y<sup>e</sup> adjacent townes w<sup>ch</sup> the Indians were then Consuming, Yo<sup>r</sup> Petition<sup>r</sup> Vollararily & freely listed him selfe under his Co<sup>m</sup>and, to y<sup>e</sup> Service of god and y<sup>e</sup> Country, the which still I believe is my Duty as god Inables me and by his providence Calls me, After I Came to Hadley I had such distemper In my body that I am not yett freed of & hath Exposed me to grate weekness, besides a grate pain in my head & swelling in my face that for some while I Could hardly eat bread, and in our March homeward from Hadley, almost Ever since have had a tedious paine with some swelling in that leg that was formerly hurt at y<sup>e</sup> Eastward w<sup>ch</sup> I Judge is frō y<sup>e</sup> fall I had there, & still abides me, and being left w<sup>th</sup> Cap<sup>t</sup> Siff at Sudberry, and not able to Continue in March w<sup>th</sup> him when he went from Concord I assayed to march w<sup>th</sup> him but finding my selfe not able desiring leaue to Come home, and his dismiss but he told me he Could not dismiss me, and so being Left behinde at Concord I was faine to hier a Horse to Ride home, and Now Yo<sup>r</sup> Humble Petitioner Humbly desires you would be plased to dismiss him, who is and shall be alwise Redie when god shall In able him, to serve the Country to his uttmost power.

These are to testifie before whome it may concern, that M<sup>r</sup> Scottow of Boston, being w<sup>th</sup> us when y<sup>e</sup> men were killed upon Sacho sands, at the first hearing of the guns fired there w<sup>th</sup> consent of M<sup>r</sup> Josselin gave y<sup>e</sup> Alarum att our

garrison to y<sup>e</sup> whole towne, drew up such of us in our armes as were at home, dispatcht our Corporall to call in such as were abroad, as also the said Scottow was very Angry with John Mackshawne, for saying that Captane Wincoll and his Company were all cut off, telling him though some might bee killed, and the rest fled yett it might bee to gaine y<sup>e</sup> advantage of ground as it proved, as also at the same time <sup>Scottow</sup> [hee] <sup>1</sup> seartcht the armes and amunition of us which were drawne up, exchanging y<sup>e</sup> armes which were insufficient for his owne fixed armes, and that hee supplid every man of all those that were sent forth, and wanted, both w<sup>th</sup> powder, bulletts, swan shott, biskett, and a dram of y<sup>e</sup> bottle out of his owne store, there not being at the same time one pound of powder in y<sup>e</sup> towne that we knew of but what they rec<sup>d</sup> from Scottow & that the said Scottow did alsoe upon the fist alarum enquire whether some of us might not be sent in a shallop or in Canows to y<sup>e</sup> releif of those men, it was answered that they could not bee sent w<sup>th</sup> safety neither for y<sup>e</sup> men nor for their armes because of the suff of y<sup>e</sup> sea, the wind blowing ffresh vpon the shore, the said Scottow with the consent of M<sup>r</sup> Henry Josselin did w<sup>th</sup> as much possible speed as they could dispatch away about twenty men over our fferry to march by land to the releif of that pty under y<sup>e</sup> charge of Serjeant Olliver, Yea so many men did they send away that some of us complained against them saying they did not doe well to send out so many of their husbands and Children supposing that if they should haue been cutt off wee had not strength Left at the Garrison sufficient to defend o<sup>r</sup>selues if assaulted, Yea, wee doe ffurther testifie y<sup>t</sup> the said Scottow Acted therein to the uttmost of his power for when some of the company manifested a backwardness to the releif above in Vexation hee threw his kane upon the ground saying hee would through up his Commis-

yours of the 27 instant came to my hands about 10 at night being then in Bed & uery ill yet notwithstanding by breake of day I gott up, though then in a feauerish distemper to impart the contents thereof to the deputy & major Hathorne, but by reason of their distant lodgings Could not understand their minds till they judged it impossible for them to reach Boston till late at night, you may

expect their answer from themselves. I would have assayed to have come had they so concluded, though hopeless of reaching Boston this night by reason of my present distemper. I had hoped that my former reasonable excuse might have satisfied for my absence on Monday last, And though it be true Major Walderne spake much to me & the Deputy (as men that apprehend themselves in danger usually doe) yet I did not upon all he said apprehend any necessity of my presence for his dispatch. I perceive the failure is ill resented, & therefore as a punishment, a burden is imposed, which I cannot undertake nor beare. I shall not willingly omit any thing that my place or duty obligeth me unto, & accordingly have by order of the Council raised & dispatched those forces under Capt: Hathorne with Commission orders & instructions, which if it be the councils pleasure, I shall yet continue to doe to my best skill. But to provide & furnish them with provision & ammunition which must be had from Boston, I thinke it needles for me to undertake otherwise then by representing their wants to the Govern<sup>r</sup> & Council, or at most giuing orders to the Commissaries to dispatch them with speed, which I suppose would be more effectually done by an order from the Authority upon the place. Further I neuer understood or intended the forces now on foote further then yorkshire & did almost assure them (for their encouragement) they should not be employed further East, if therefore any thing be expected to be done at Kinnebet Pemaquid Monhegin One I dare not undertake it but intreate the Council to take order therein, who understand the state of those parts, & necessity of take<sup>e</sup> care thereof, wherein I am altogether a stranger & unacquainted, & [must be done by those that came,]<sup>1</sup> which places as intimated in my last may best be secured by the persons that are concerned therein, at least with the helpe and assistance of some Suffolke men. necessary for the defence & security of yorkshire, then are there at present, if well improved, if more should be required they will not at this time be easily raised heere, it being now harvest which calls for all hands. Any perticular directions from the council shall be attended, which I thinke under correction should be drawne up in an order & not crowded into a letter, the messengers stay, bids me (w<sup>th</sup> my service to the Govern<sup>r</sup> & Council) conclude

Therefore vnlesse Country send a supply or maintaine y<sup>e</sup> Garrison there; he cannot hold out, M<sup>r</sup> Warren is otherwise minded but I cannot Enlarge, supposing Majo<sup>r</sup> Clarke Can Informe your Hon<sup>rs</sup>. Since our Comming Heither we have consulted y<sup>e</sup> Millitia, who Informe vs that the mind of this towne In Gen<sup>l</sup> is to leave the place, & though y<sup>e</sup> Hon<sup>rd</sup> Court or Councell have formerly giuen an Ord<sup>r</sup> concerning them; In p<sup>t</sup>icul<sup>r</sup> yett y<sup>r</sup> now begg that it might be Renewed & that your Hon<sup>rs</sup> would ord<sup>r</sup> as to there Numb<sup>r</sup> of Garrison Souldiers soe to maintainance, they being poore yet many of them willing According to Abillity. The next thing I shall trouble your Hon<sup>rs</sup> w<sup>th</sup>, is y<sup>e</sup> dissatisfaction that is amongst our selues; about y<sup>e</sup> drawing y<sup>e</sup> Indians off, & Majo<sup>r</sup> Waldens liberty, to Command off Cap<sup>t</sup> Frost, w<sup>ch</sup> he pretends to have, the w<sup>ch</sup> are two thirds & more of y<sup>e</sup> Army, Cap<sup>t</sup> Sells Company & myne being not aboue .9. or .10. fyles now, who are Judged here not more then is nessesary, to Garrison this towne & york, we would be bold to speak

our minds further, & Crave that your Hon<sup>rs</sup> may not be offended at vs, or Receive from others false Informtion. The Indians thus drawne off by themselves as long as they have only Ind<sup>n</sup> Speritts, will doe little or noe service for y<sup>e</sup> Country, who In tyme of Ingadgment have euer took y<sup>e</sup> English for there bullwark & will not Charge to Any purpose vntill y<sup>e</sup> Enemy fly, I think some of vs have had tyme to be Aquainted w<sup>th</sup> there mañers As to my selfe I would Humbly Request your your Hon<sup>rs</sup> to call me home; though I have An Earnest Desire to doe god to y<sup>e</sup> Country service. Yett there is a Straing Antypathy in me Against lying in Garrison. Here is many of our Company sick of violent distemp<sup>rs</sup> one of myne is dead & two others I much feare. you will understand by this Bearer the state of the Easterne parts & our forces there, it seemes when this post came from thence Capt: Hathorne had not receiued my order sent by Major Walderne for their march up to the Enemies head quarters which I suppose they will readily attend if furnished w<sup>th</sup> victuals w<sup>ch</sup> they cannot haue there I suppose a fortnights bread & cheese w<sup>th</sup> powder & bullets

*Answer to Complaint of the Lords States General*

To the Kings most Excellent Majesty.

The answer of the Governo<sup>r</sup> & Council of the Mattachusetts Colony to the complaint exhibited against them by the extraordinary Embassado<sup>r</sup> of Lords States Generall of the United Provinces January 22<sup>o</sup> 167 $\frac{1}{2}$  which came to o<sup>r</sup> hands Sep<sup>r</sup> 3<sup>d</sup> 1676 That Capt<sup>n</sup> Jurian-Aronson, Comand<sup>r</sup> of the Ship flying Post horse of Curassoa, haveing received Comission from the Governo<sup>r</sup> of that Island made himselfe Master of the fforts Penabskop and S<sup>t</sup> John, belonging to the

French and scituate upon the River Pentagouet in the North of America in New=ffrance, and having left part of his men there for defence of the s<sup>d</sup> place and to trade with the Inhabitants thereabouts: The English of Boston have thought fit by force of armes, to attack the men left in garrison — in the s<sup>d</sup> place making them prison<sup>rs</sup> and razing their ffortification made upon no other consideration ~ but because they would not suffer any Holland<sup>rs</sup> there; which being an open violation of the treaty of peace &c.

That Capt<sup>n</sup> Jurian Aronson, Comand<sup>r</sup> of the Ship flying Post horse of Curassoa came into the harbour — in the Mattachusetts in the yeare 1674: and applied himselfe to the Governo<sup>r</sup> to have liberty to come up to Boston — to repaire & revictuall his Ship, hee having been at the River of Pentagouet and there made himselfe Master of the ffort & brought the ffrench Governo<sup>r</sup> his prison<sup>r</sup>, Shewing his Comission for what hee had done which Comission was against English as well as ffrench —, the Governo<sup>r</sup> having the proclamation of the peace agreed between his Majesty and their Lordships, granted him the s<sup>d</sup> Capt<sup>a</sup> liberty according to his desire to come up with his Ship; who informed the Governo<sup>r</sup> that hee had not left any men to keepe possession of his conquest, but had dismantled the ffort and brought away the gunns. The Capt<sup>n</sup> having fitted his Ship and dispatched his business hee came to the Governo<sup>r</sup> to take his Leave and have a permit for Sayling; at which time the Governo<sup>r</sup> asked him if hee had given Comission to any to goe and keepe that Country or any part of it, or whither hee had given to any a coppie of his Comission to that end; hee said hee had given no Comission nor a coppie of his nor would hee give any, for that hee would not make himselfe liable to answer for others actions, this was in October 1674. at his departure hee left in Boston severall that had been of his company in the former action ~ viz<sup>t</sup> John Rhodes a Boston man and four other English — two of them of Boston —

with one Cornelius Andreson – a dutchman – and Peter Rodrigo a fflanderkin. The Governo<sup>r</sup> hearing that there were of those men going forth to those parts, sent for John Rhodes, being informed that hee was the principall, and demanded of him, whither hee was goeing, hee saide a trading to the Eastward, being whither- hee nor any of the Company did not goe to take Vessells that were coasting & trading there, he answered no, nor had they any Comission so to doe.

In December following William Waldron made his complaint to the Gov<sup>r</sup> & Council that upon the Seas coming homeward, hee was met with by Cornelius Andreson- John Rhodes and some others in a Vessell, out of which they fired two guns at him and comanded him to anchor —, they came on board him – and forceably tooke from him, beaver – with other peltry & small ffurrs to value of about £60 sterl. & carried himselfe & goods by force on board their vessell and there forced him to Set his hand to a writing drawn by John Rhodes that they had taken from him nothing but peltry and had taken it in New Holland – after, in ffebruary 167 $\frac{1}{2}$  John ffreake Merchant made complaint – that hee had a small Vessell under the comand of George Manning bound homeward on a Voyage from the Eastward, by accident was met withall in the River of S<sup>t</sup> John by John Rhodes & some Dutchmen his complices in a small Vessell sometime in the month of Decemb<sup>r</sup> last past –, who overpowering them with men – piratically Seized s<sup>d</sup> Vessell & goods on board her –, had wounded the Master & another of his company and kept both Vessell goods & men –; Severall other of his Ma<sup>ties</sup> Subjects complained, some of them being of the Jurisdiction of the Mattachusetts that the s<sup>d</sup> persons had robbed & plundered them; who prayed that some course might bee taken for their Security against them –; Whereupon the Gov<sup>r</sup> & Council taking the same into their consideration — what might bee

requisite to be done for the securing of the Inhabitants on shore & the Navigation by Sea, concluded it necessary to send forth – that they might be certainly informed by what Commission the s<sup>d</sup> persons and their complices had so acted, and in case of their resistance to bring them in by force, and for that end commissioned Capt<sup>n</sup> Sam<sup>l</sup> Moseley; who in pursuance of his Commission Seized & tooke John Rhodes Peter Rodrigo Peter Grant Thomas Mitchel and Edw<sup>d</sup> Youring in the vessell that Tho: Mitchels, whome they hired for a trading Voyage as by Charter party appeared – afterwards hee also tooke the other Vessell wherein Cornelius Andreson – John Thomas & John Williams with others were, and returned to Boston – with them – the 2<sup>d</sup> of April 1675. Capt<sup>n</sup> Moseley bringing his prisoners before the Governo<sup>r</sup> and Magistrates at Boston, who Examined them whither they had done according to the complaints exhibited against them in Seizing goods & vessells &c. they owned the fact but denied that they had done it piratically: then it was demanded of them by what commission – they had done what was done in taking vessells & goods from his Ma<sup>ties</sup> Subjects in a hostile way, and by what authority they had robbed & plundered the Inhabitants of this Colony all which was fully proved against them by honest men upon Oath whereupon Peter Rodrigo produced a paper w<sup>th</sup> three Seales according to the inclosed Coppie. Cornelius Andreson produced another of the like tenor without any Seale, which gave them no power to Seize any Vessell or goods onely had liberty to trade, keepe th Country & Saile upon the coast; for which they were not Seized and imprisoned; but for piratically Seizing the vessells & goods that belonged to his Ma<sup>ties</sup> Subjects and so were comitted in order to their triall. Peter Rodrigo John Rhodes Richard fowler, Randolph Judson, Peter Grant and Cornelius Andreson – by the Grand jury were indicted severally by their severall bills for such their piraticall

practices and after by the Jury of Tryalls all but Cornelius Andreson found guilty ; for which they were sentenced to death ; but after reprevied, and upon their humble petitions to the Generall Court wherein they acknowledge the justness of the Courts proceedings, the s<sup>d</sup> Court pardoned them for their lives, but banished them the Colony upon pain of death unless they should obtain from authority leave to return ~ So that what was done in prosecution of that matter was not done because the English would not suffer any Hollanders to be nigh them —, but to prevent & suppress the pyratieall practices of English, Dutch or other Nations ; of them that were brought to tryall there was but one Dutchman — ffour Englishmen — & one fflanderkin, wee did not nor do judge it tolerable for any Government much less for a Govern<sup>t</sup> deriving their authority from his Ma<sup>tie</sup> to Suffer any under pretence of their using the name of any Prince or State from whome they have derived no power — to associate themselves and by wayes of hostility molest peaceable and quiet minded Subjects in their lawfull occasions : So that had the matter been truly laide before the Lords States Generall wee doubt not but their Lordships would have seen the justice of o<sup>r</sup> proceedings at Boston both by the laws of God of all civill Nations as well as the Laws of o<sup>r</sup> Colony, & no cause of complaint against the innocent whose principles profession & practice are against such proceeding as the complaint imports : and wee doubt not by the clemency & Justice of his Ma<sup>tie</sup> o<sup>r</sup> Sovereign to bee justified in these o<sup>r</sup> just proceedings & have not been any violato<sup>rs</sup> of the treaty of peace between his Ma<sup>tie</sup> and their Lordships.

This letter or narrative is past by y<sup>e</sup> Council to be sent to one of his Maj<sup>ties</sup> Secretary<sup>s</sup> of State to be presented to his Maj<sup>ty</sup> as an Answer to his Maj<sup>ty</sup>s Co<sup>m</sup>ands.

Much Hon<sup>rd</sup>

Being upon y<sup>e</sup> occasion of y<sup>e</sup> Alarms lately rec<sup>d</sup> frō y<sup>e</sup> Enemy mett togeth<sup>r</sup> at Portsm<sup>o</sup> thought meet to give yo<sup>r</sup> Hono<sup>rs</sup> our sense of Matt<sup>rs</sup> in y<sup>s</sup> pt of y<sup>e</sup> Country in y<sup>e</sup> best Mann<sup>r</sup> y<sup>t</sup> upon y<sup>e</sup> place in y<sup>s</sup> p<sup>r</sup>sent Hurry wee are able to get. How things are now at Wells & York wee know not, but p<sup>r</sup>sume yo<sup>r</sup> selves will be informed ere y<sup>s</sup> comes to yo<sup>r</sup> hands p y<sup>e</sup> Post sent frō y<sup>e</sup> Co<sup>m</sup>and<sup>r</sup> in chiefe w<sup>ch</sup> (as we und<sup>r</sup>stand) went thrō y<sup>s</sup> Town y<sup>s</sup> Morning. Only thus m<sup>ch</sup> wee haue learnt y<sup>t</sup> y<sup>e</sup> Enemy is Numerous & about those

pts, having carried all clear before him so far as Wells. That hee is pceeding towards us & so on toward yo<sup>r</sup>selues y<sup>e</sup> Enemy intimates & y<sup>e</sup> thing itselfe speaks. What is meet to bee now don is w<sup>th</sup> yo<sup>r</sup>selves to say rather than for us to suggest, however being so deeply and nextly concerned humbly crave leave to offer to Considerñ. Whither y<sup>e</sup> secureing of what is left bee not o<sup>r</sup> next Work rather than y<sup>e</sup> attempting to regain w<sup>t</sup> is lost, unles there were strength enough to doe both. It seemes little availeable to endeav<sup>r</sup> ought in y<sup>e</sup> More Eastern places y<sup>t</sup> are already Conquered, unles there bee severall Garrisons made & kept w<sup>th</sup> provision & Amunition & what may be suitable for a Recruit upon all Occasions, w<sup>ch</sup> to doe (at least y<sup>s</sup> Winter) cannot say y<sup>t</sup> y<sup>e</sup> profit will make amends for y<sup>e</sup> charge. Sure wee are y<sup>t</sup> o<sup>r</sup>selves (y<sup>t</sup> is y<sup>e</sup> County of Northfolk w<sup>th</sup> Douer & Portsm<sup>o</sup>) are so far from being capeable of spareing any fforces for y<sup>t</sup> Expedition y<sup>t</sup> wee find o<sup>r</sup>selves so thinne & weakened by those y<sup>t</sup> are out already y<sup>t</sup> there is nothing but y<sup>e</sup> singular Providence of God hath prevented our being utterly run down. The Enemy obserues o<sup>r</sup> Motions & knowes o<sup>r</sup> strength (weaknes rather) bett<sup>r</sup> y<sup>n</sup> wee are Willing hee should, & pbably had been w<sup>th</sup> us ere this had not y<sup>e</sup> Highest Power over-ruled him. And that Haverhill, Excett<sup>r</sup> &c are in like p<sup>r</sup>dicam<sup>t</sup> w<sup>th</sup> Dover &c seems apparent, & hence as uncapeable of Spareing Men. Its true there is an Army out in Yorkshire who will doubtles doe what may bee done, yet there is room enough for y<sup>e</sup> Enemy to slipp by them unobserved, & if so, what a Condition wee are in is evident. Our own men are not enough to maintain o<sup>r</sup> own places, if any Assault bee made, & yet many of o<sup>r</sup>s are now on the other side of Pascataq<sup>u</sup> River. Wee expect an Onsett in one place or other every Day, & can expect no Reliefe frõ those y<sup>t</sup> are so farr frõ home. If it should bee thought meet y<sup>t</sup> all y<sup>e</sup> Men y<sup>t</sup> are come to us & other parts of y<sup>e</sup> Jurisdiction from y<sup>e</sup> deserted & conquered

Eastern Country should bee ordered to y<sup>e</sup> Places y<sup>t</sup> are left on thayr own side of y<sup>e</sup> River, y<sup>t</sup> so o<sup>rs</sup> may bee recalled to theyr severall Townes, it might possibly bee not unavaileable to y<sup>er</sup> Ends; Especially if w<sup>th</sup>all some Indians might be ordered to these parts to bee upon a perpetuall scout frō place to place. Wee design not a loosening or discourag<sup>t</sup> of y<sup>e</sup> Army, who rather need strengthen<sup>s</sup> & Incouragm<sup>t</sup>, for we verily think y<sup>t</sup> if by y<sup>e</sup> good Hand of Providence y<sup>e</sup> Army had not been there, all y<sup>e</sup> Parts on y<sup>e</sup> other side of y<sup>e</sup> River had been possest by the Enemy, & perhaps o<sup>r</sup>selves \*oo ere y<sup>s</sup> Time. But what wee aim at is that ourselvs also may bee put into a Capacity to defend o<sup>r</sup>selves. Wee are apt to fear wee have been too bold w<sup>th</sup> your Hono<sup>rs</sup> but wee are sure our Intentions are good, & o<sup>r</sup> Condition very bad except y<sup>e</sup> Lord of Hosts appear for us speedily, & wee would be found in y<sup>e</sup> Use of Meanes, commending o<sup>r</sup> Case to him y<sup>t</sup> is able to protect us & direct yo<sup>r</sup>selves in order thereunto, & remain

*Letter from Daniel Denison Dec. 14, 1676.*

Much Hono<sup>rd</sup>

I receiued yours of the 11 Instant referring to a letter of mine to serg<sup>t</sup> Tipping, published by Walter Gendal w<sup>ch</sup> occasioned a mutiny. Concerning which business be pleased to accept this account. When said Tipping came to Pascataq (the only time that euer I saw him) with a Coñission from the G<sup>l</sup> Court to possess Black point, upon his desire I furnished him with more men & prouisions and liking the temper of the man hasted him away with a boate of Major Pendletons to goe with him to Black point, & by him to be ayded backe to winter harbour, when Nety & Mog came in to Pascataquaney they Sayd they mett Tipping neare Blacke point and sayd he commanded them under his Lee when there, were about to fire on them Snapping at them, being all druncke, which indeed I did not beleiue though they affirmed it to my selfe M<sup>r</sup> Moodey &c. upon my returne I wrott to the Govern<sup>r</sup> & council an account of the want of amunition &c in these parts and receiued this answer, that Black Point garrison was upon the charg of M<sup>r</sup> Scottow, and not long after, from M<sup>r</sup> Moodey, major Pendleton &c had a great Complaint ag<sup>st</sup> Tipping brought by Walter Gendal as that he detained Major Pendletons men w<sup>th</sup> him, that he tooke from Gendal Corne of his owne w<sup>ch</sup> in his returne from Kennebecke he had fetched from his owne barne intending to haue brought it to Pascataq for the

releif of his family there with much other stuff, adding that Tipping sayd all was theirs whereupon I wrote to Tipping, blaming him for detaining major Pendletons men & boate, & telling him he mistooke his errand if he thought they were sent only to serue themselues, for certainly it was to secure the place & assist any inhabitants in the recouery of their owne &c: and this was the substance of my letter at the utmost, (for I had not then an ill opinion of the man) this I coñmitted to M<sup>r</sup> Moodey & possibly unsealed, that those of Black point that were at Pascataq, might be encouraged to goe thither to assist & saue what they Could there, not imagining he would haue sent it open, which I suppose he did not, for he wrott himself as others did, as Tipping informs me, all w<sup>ch</sup> Gendal instead of delivering him published to the people there other order or letter I neuer sent him nor was I concerned so to doe after I understood he was wholly at the charg of Capt. Scottow, nor euer imagined my letter to him should haue beene published to his souldiers, which I beleiuue was Gendals artifice to obtaine his owne Ends or to reveng himselfe of Tipping: But I shal not further trouble you presenting my service rest

the Gov<sup>r</sup> & Council 8 Jan. 1677*

8. January : 1677

To y<sup>e</sup> Honoured Governour and Councill of y<sup>e</sup> mas-  
sathusets :

May it please your Honoures : whereas you were pleased to encourage us to present you with our present thoughtes how the ruines and desolationes by the heathen may be salved and the like or a further progresse westward may be prevented wee are bold under considerationes of y<sup>e</sup> premis-  
ses to tender our present thoughtes as tending thereto with submission to y<sup>e</sup> maturitie of your wisdom and prudence.

1 provided that thinges of this nature might be effected in time proportionate to the discourse thereof : i : e : without any tedious delayes we apprehend that the present season may be judged properly expedient to retalliate to y<sup>e</sup> heathen the injuries offered to and forced upon y<sup>e</sup> english. If a considerable number of able men were sent forth with orders that one party land in Cascoe Baye near mare=point : and another party at pemaquid with comission to move towards Abaquedussets and Damrascottey or sheepscoat

fortes in such proportion of time that neither Abaquedusets men nor Damrascottey men might haue releife from eich other but be universally allarmed and distressed if not distracted by war : during which time a small [force] with a flag of truce not finding Madockawandoe at New=harbour might saile to penobscutt and with much ease & without expence of bloud make prisoner of him and thouse with him :

- 2 yet because we ordinarily say that winter never rottes in y<sup>e</sup> skye : and the usuall time for Snow is in this and y<sup>e</sup> next month : we apprehend that if the mohawkes were employed in this service they might Save much English blood and cut of much of that expence which will otherwise rise unavoidably : we meane if the shoare were in some places garrisoned the fishery (which is the staple comoditie of the country) may be continued and the mohawkes might from thouse garrisons be supplied with w<sup>t</sup> they want from time to time : which would much encouradge y<sup>m</sup> in this expedition and render our expence more inconsiderable and their work more easie & speedy :

The app<sup>r</sup>hention of people here being so much for sending forth against our easterne enymies I thought good to  
1 examine the grounds they goe vpon: First is the Season of the yeare. This tis said, that now is the fittest tyme, and that it will last (according to former yeares) till the  
2 begining of March, or a weeke in March. Concerning mony Though that be a very vrgent thinge, yet if pay be sure, it is not soe necessary for p<sup>r</sup>sent, as the savetye of mens lives is. It may be supposed that if it should cost the country 1000<sup>l</sup> in the expedition, yet it is not comparable to the da<sup>m</sup>ag we may expect. The country

wilbe soe in feare that they will not dare to plant &c The desire & expectation of the Townes here about is for it, for some of Rowly, haverhill, Newbury, having had occasion to be with me have expressed as much, & scarce a man of an other minde (that I can pceive.) If we send not fourth now we must pvide severall strong garrisons merely for defence which throughly considered, & the damage otherwise will cost 10000<sup>l</sup> its likly, and if we sende in the Spring or in sum<sup>r</sup>, Its but what they (the enemy) doe desire. They then can shift by their canoos & we loose our labour, as we have form<sup>r</sup>ly done. And there wilbe more danger of ambushcaders, then now, the trees be naked &c.

3 They haue done what mischeife is knowne already, and what if they goe over the Line? Shall we not pursue our enemy? and have they not our people captive there, and doe they not at pleasure sende for powder, & doe they not kill cattell when they need? and if that were granted, will it not at once distroy our fishing, & the best of our Timber &c?

4 from Salem to the east, will count themselves vnsafe (at p<sup>r</sup>sent) if they be lett alone till the Springe./

S<sup>r</sup> if the counsill doe sende, two things are desireable first that there be choyce men in each Towne, for such a purpose, and secondly that tyme be not lost in consultacon, but pursued with speed./

Thus I have written to you, and you may vse your liberty whether you will acquaint any of the Councill with it, yea, or noe./ But you may easly gesse what I thinke you should instantly doe.

S<sup>r</sup> your loving frende

*Petition of Joshua Scottow 19 March 1676.*

To the Honoured Gov<sup>r</sup> & Council now assembled at Boston

The humble petition of Joshua Scottow on behalf of himself & the rest of the Inhabitants of Black point who have any estate there left

Humbly sheweth.

Whereas a Company of volunteers were by Consent & order of the last Sessions of the Honourd Gnaft Court assembled at Boston, sent forth vnder Conduct of Ser<sup>t</sup> Tipping for discofie & settling of y<sup>e</sup> garrison at Black point, w<sup>ch</sup> designe was carryed an end at the charge of your Petitioner, though it was looked at to be soemuch of publique concerne, as there was a vessell & men imp<sup>r</sup>ssed at Piscataquay by warr<sup>t</sup> from y<sup>e</sup> Honour<sup>d</sup> Maj<sup>r</sup> Gnaft to have effected it, at the Countries charge, had not yo<sup>r</sup> petitioners vessell come in the interim & diverted it, whose successe was y<sup>e</sup> settlem<sup>t</sup> of a garrison there, which proved a sanctuary & refuge to six Captives who thither fled, & w<sup>th</sup>out other ransome were there rescued, and allso it hath bin a receptacle to div<sup>r</sup>se sick men turned ashore by M<sup>r</sup> Moore, one of whome is there at this instant, w<sup>ch</sup> garrison was vpon an exp<sup>r</sup>sse sent to yo<sup>r</sup> Honours reduced to the number now it is.

There being now vpon y<sup>e</sup> place as it is credibly informed 300 head of Cattell if not more, belonging to about 30 Inhabitants, the most of w<sup>ch</sup> psons are now vpon y<sup>e</sup> place, of w<sup>ch</sup> number of Cattell your petitioner hath not above 15: his stock being Killed vp & above twenty barills, together w<sup>th</sup> eighty bush: of Corne spent & now reserved for y<sup>e</sup> vsse of y<sup>e</sup> garrison: the said Cattell being most milchk Cowes & y<sup>e</sup> rest working Cattle are now soe poore as that they will not (there being div<sup>r</sup>se rivers to swim) beare driving by land, & hay is not to be got for their transportacōn by water, that yo<sup>r</sup> Honours will please to consider the necessity of some poore people who have not above two or three Cowes

left for their subsistence, that there may be encouragem<sup>t</sup> to y<sup>e</sup> garrison at least vntill the Cattle may be brought where they may be p<sup>r</sup>served, & it is humbly conceived that it will not be long before the determinacōn from his Ma<sup>tie</sup> relating to y<sup>t</sup> County may be knowne, & in y<sup>e</sup> meane time vntill we are declared not to belong to yo<sup>r</sup> Governm<sup>t</sup> (which y<sup>e</sup> Good Lord avert & grant it never may be) it is with all humility conceived, that we may crave & vnder God ought to depend vpon the p<sup>r</sup>tection of this Collony, according to the late law established for settling of garrisons in all frontire townes and should this garrison be throwne vp, & the Inhabitants left to y<sup>m</sup>selves, should any disaster by slaughter or Captivity befall y<sup>m</sup> it is humbly conceived it would be a greif of heart if not rep<sup>ch</sup> to y<sup>e</sup> Countrey, however vnworthy a people we be of your protection, thus humbly craving the Candour of yo<sup>r</sup> gracious acceptāōn, your petitioner shall ever pray for yo<sup>r</sup> Honours peace & p<sup>r</sup>servacōn as in all duty he is bound.

*Petition 1677*

To the Hon<sup>rd</sup> John Leveret Esq<sup>r</sup> and the other Worshipfull Members of the Councell now sitting the humble petition of Timothy Wily trumpeter Humphry Millard Samuel Bull, Henry Sparkes Shewing That wheras they have been sometime imployd in the Countreys service under the Command of Captain Hunting and by a Judgment of Maj<sup>r</sup> Waldens they were ordered to loose their wages in their time of service, haveing undergone some other Considerable degree of penalty, and finding the sentence fall heavie upon them doe humbly reparaire to y<sup>r</sup> Honours for a releife : Withall professing It was not any of their intentions, to offend Authority or any by doing what was done about the wheeles. And had it been unjust for them to take off the Iron from the wheeles, they cannot understand how the said Maj<sup>r</sup> Could Very justly possesse It. ffurthermore, the Judgm<sup>t</sup> was not unanimous, and wanted the approbation of Sundry of the Assesso<sup>r</sup>s as they have since acknowledged. Yet they desire not to Justifie themselves wch either the Law or the hon<sup>able</sup> Judges shall de-

clare their dislike of: But begge that every failure of such in their employm<sup>t</sup> and especially themselves in this case bee not too far urged upon Least it should prove a discouragement to them and others who as they have ventured so are still ready to expose their lives and all for their King and Countreys service.

*Letter from A. Brockholts & others*

Gentlemen

We writte you by Major Clarke July the 3<sup>d</sup>, in answer to yo<sup>rs</sup> of June 25<sup>th</sup>, wherein wee acquainted you with our having taken possession of these parts of his Royall Highnesse Government, according to our Co<sup>m</sup>ission and Instructions; Wee then told Major Clarke of our Intents to make a Peace with the Neighbour Indyan, if they should desire it, the which wee happily effected yesterday, with the Indyan Sachems of Kenebeck which are all betweene that River & Penobscott :-It is done upon Condi<sup>c</sup>ion of their forbearance to make Warre upon any of his Ma<sup>ties</sup> Subjects, & delivery of all English prisoners to us here;

Of the first they have engaged to give Notice to all their Indyan, together with their friends & Allyes, Wee promising to doe the like to the English, that they may likewise forbear all Acts of Hostility, & for release of the Captives they hope wee will see a Meanes that theirs may bee releast also/.

Wee have sent this Messenger M<sup>r</sup> W<sup>m</sup> Sturt from hence expresse to let you know what wee have done in these matters, who wee have ordered to stay twenty foure houres for your Answer, how farre you think fitt to bee concerned in the Peace with these Indyan, & what you will please to doe, as to the giving notice to those under yo<sup>r</sup> Co<sup>m</sup>and, to forbear any Act of Hostility, as also touching the Releasement of the Indyan Captives with you, upon the delivery of the English by them, (which wee thinke to bee very reasonable.)

Wee are informed that the Indyans that were under Squando, have deserted him, looking on him as an Impostour, & blame his bloudynesse, & that hee went privately away with one or two onely with him, about two dayes after the late Engagement at Black Point, and as they suppose he is gone for Canada :

Wee have not farther but expecting your Answer, remaine

*Letter A. Brockholtt & others to the Gov<sup>r</sup> & Council  
Aug. 18, 1677.*

Hon<sup>ored</sup> Gentlemen

Yo<sup>rs</sup> of the 25<sup>th</sup> past in answer to ours by m<sup>r</sup> Sturt, concerning the peace with the Indyans, wee received at his returne, wherein you are pleased to intimate that as to a Cessation of Armes & a mutuall Returne of Captives, you were willing to condescend, on Condiçon that the English in their Custody bee delivered to us, & the vessells lately taken, tackling & lading &c with a Restriction for the Indyans not to come neare your Plantaçons: The Indyans with whom wee had made the Peace (waiting as well as wee, yo<sup>r</sup> Result upon our Message,) wee acquainted with the heads thereof, & enjoyed them to the observance of that Caution of not coming neare yo<sup>r</sup> plantaçons, bounding their Progresse by Casco bay westward (as more certaine then a ten miles Limitt:) A while after Capt Scottow arrived here (with six Indyan Captives) by whom wee rec<sup>d</sup> yo<sup>r</sup> Letter of the 31<sup>th</sup> & after him Squando the Sachem of Saco, with the Sachems of Ambuscoggan & Pequagick came here, being desirous to bee included in the Peace made with their Neighbors, which wee consented to (although Exceptions might

haue beene made against some of them) being willing to make the Peace as generall as may bee; Wee layd the like injunction on them as on the former, but the greatest difficulty was yet behind, concerning the Restauraçon of the Ketches, none of these being concerned in their taking, & indeed wee did looke upon it, to be a kind of Imposiçon on us, As if you had no desire to bee concerned in the Peace, proposing so difficult Termes, from the w<sup>ch</sup> neither in yo<sup>r</sup> first or second Letter, you doe in the least vary, Although in the former part of that by Cap<sup>t</sup> Scottow, you say (yo<sup>r</sup> Case being so circumstanced, as before recited) that you shall rest & confide in o<sup>r</sup> discreçon to perfect the same for yo<sup>r</sup> & the English Inteerst; The which being followed by a subsequent positive Clause, of returning the Captives if the Condiçons of yo<sup>r</sup> preceding Letter were not performed, made yo<sup>r</sup> Confidence in us of small value./ Besides this, Gent. give us leave to tell you, that the Captive prison<sup>rs</sup> being brought hither with the Condiçon afore mençoned, & those so publickely made knowne, by yo<sup>r</sup> owne people (to Indyans as well as others) It was like to spoyle all wee had done, & make a new breach, Some of the looser Indyans threatning to rescue the Captives by force (there being then about 60. of them here) & they told us of breach of promise in not delivering our Captives, they having brought in Eighteene, besides M<sup>rs</sup> Hañmond, who they releast to us, (though they tax her for breaking her Paroll) intending to bring in all the rest, being neare such another number, & that wee should keepe sixe of theirs close prison<sup>rs</sup>, before their faces, To the which indeed wee had litle to say, but by authority & good words restrayned them till Madaekawando's coñing who was sent for, but came not before yesterday, & very happily wee concluded a Peace with him likewise this day, including a Surrender of the Ketches &c. which hee with his Indyans assented unto, almost contrary to our Expectaçon, Wee

having but slender hopes thereof, & no great Grounds, as not apprehended or thought on, in the peace first made: So many of them as Madackawando hath or can procure, wee haue great Confidence hee will deliver as hee hath engaged: As to other particulars relating to these affaires, wee shall not give you farther trouble about, but referre you to Capt Scottows Relaçon, who for a fortnight hath beene an Eye wittnesse of all passages here: Wee had five Captives delivered up by Madackowando at making of the Peace; (which Capt. Scottow takes with him) & wee delivered up the six you sent by him (there being but foure of them really Captives or prison<sup>rs</sup> of warre, the other two (miserable creatures) had too long beene innocent sufferers, & yo<sup>r</sup> Charity in their Redemption, will without doubt have its Reward: Wee sent sixteene Captives the beginning of this month to Piscattaqua, & two others were taken on bord Capt Silvanus Davis about a week since, to bee carryed to Boston:

When the others come in, wee shall take the best Care wee can to send them to their habitaçons or friends, & shall likewise give notice of the Ketches at their Arrivall: Wee thanke you for the Caution you give us to bee carefull of the Indyans Treachery, It is not of to day onely that wee are acquainted with their Tempers, so shall not Neglect our selves or dutyes, yet would not bee too much posses't with a groundlesse Jealousy of them: Wee hope God almighty will give a blessing to the Peace now made with the Indyans, & that it will be firme & durable for the Generall Good of our Nation, which hath beene very much our aime, & shall be the daily prayer of

Humbly Sheweth, that yo<sup>r</sup> Petitio<sup>r</sup>, by an order from the  
 hono<sup>ble</sup> Councill about the Latter end of August An<sup>o</sup> Dom<sup>i</sup>  
 1676 : did Impress a vessell and Seamen for the Transpor-

tation and Conveyance of Soldiers and provisions to the Garrison at Wells, and M<sup>r</sup> Edward Rishworth had Shipt or Laden aboard the said vessell about ffifteen hundred of Biscake before She was Imprest and More was sent aboard by the Co<sup>m</sup>missary ; And Majo<sup>r</sup> Thomas Clark ordered the whole Quantity of Bread to be deliv<sup>d</sup> by yo<sup>r</sup> Petitio<sup>r</sup> at Wells affores<sup>d</sup> : which s<sup>d</sup> Order he punctually performed : Yett the s<sup>d</sup> Rishworth arrested yo<sup>r</sup> Petitio<sup>r</sup> to appeare at the Associates Court for detaineing the afforesd Bread, Where he obtained a judgm<sup>t</sup> against yo<sup>r</sup> Petitio<sup>r</sup>, upon which he appealed to the County Court : but before the County Court came : the Gen<sup>l</sup> Court passed an order to the Treasuro<sup>r</sup> of the Country for Satisfieing of m<sup>r</sup> Arthur Mason for the said Bread : Eighteene pounds foureteene shillings and to the Marshall forty two Shillings, which was Accordingly paid : Whereupon Yo<sup>r</sup> Petitio<sup>r</sup> did not prosecute his Appeale : the s<sup>d</sup> Rishworth being then at the Gen<sup>l</sup> Court, Told m<sup>r</sup> Samuel Wentworth who stood bound as a Surety with yo<sup>r</sup> Petitio<sup>r</sup>, that he need not trouble himselfe about y<sup>e</sup> Matter before-mentioned, for the Gen<sup>l</sup> Court had it under Considera<sup>o</sup>n, and would putt an End to it, Yett Since y<sup>t</sup> the s<sup>d</sup> Rishworth hath obtained, and Leveyed an Execution upon the s<sup>d</sup> Wentworth (as Surety) in the Case afforementioned, to y<sup>e</sup> value of about Thirty pounds which he was forced to pay to the s<sup>d</sup> Rishworth, Notwithstanding the Gen<sup>l</sup> Courts Care and order about it as afforesaid, In which action the s<sup>d</sup> Wentworth (Suerty as affores<sup>d</sup>) in the Absence of yo<sup>r</sup> Petitio<sup>r</sup> is Damnified as he affirmeth to the Value of Ten pounds or thereabout

Yo<sup>r</sup> Petitio<sup>r</sup> therefore humbly Intreates the favor of this hono<sup>r</sup>ble Court that they will please to pass some Effectuall order for yo<sup>r</sup> Petitio<sup>r</sup> & his Suertyes Releife, and that they may have some Compensation for their greate trouble and charge therein, and that the said Rishworth may not be twice paid for his Bread : and heape unnecessary Charges on

the Country as he hath done in this matter. So shall yo<sup>r</sup> petiti<sup>o</sup>n ever be obliged to pray &c

To the Honora<sup>ble</sup> President & Council of his Majestyes Ter-

 now sitting at Boston ~

Whereas by vertue of a speciall Warrant subscribed by the  
 Honora<sup>ble</sup> President bearing date the 18 June 1686 ~ Y<sup>r</sup>  
 humble Complayner was to demand & Receive the Records  
 of M<sup>r</sup> Edward Rushworth late Record<sup>r</sup> of the Province of  
 Main, with all the ffles Papers & Utensills belonging to the  
 s<sup>d</sup> Office, whose Receipt for them should be his discharge —

According to the aboves<sup>d</sup> Warrant Exhibited, Your Humble Complayner went to Yorke to demand them whose Answer after a long Demurr, was, That he could not deny the President Warrant, but as for the present he would not deliver any, but in convenient time he should, & y<sup>t</sup> no tyme in the Warrant specified, whether forthwith, or on sight hereof, therefore did not Oblige, Answer was Returned him, no time mentioned in the writt, the present demand was the Certain time, as also by Reason of Cap<sup>t</sup> Edward Tynges Order, that a Certificate should be sett up in every Towne of the s<sup>d</sup> Province, with the publishing of the Acts of the Council, that himself with the Clerk of the s<sup>d</sup> County should be at Wells, where all persons concerned should find him on the first Tuesday of August next for the better settlement of the affayres of the s<sup>d</sup> Province, and whereas some persons had come to him for copyes of the Originall Records he could not grant their Requests, because they were not in his Custody M<sup>r</sup> Rushworth Replied That the President being so Rationall could not at present demand them, they being not in convenient Order, or whensoever a Court should call for them, he would deliver them. Answer was made, he did not well to reflect, in saying, whenever a Court calld for them, he would deliver them, but as for their not being ready = he was willing to stay three or four dayes as also assist him, yea a Weeke, in case, he desired it. M<sup>r</sup> Rushworth replied, he would sett no time, but when they were ready he would send him word, —

The consideration whereof Incited him to Return to Boston, with some chargs & Trouble to Acquaynt your Honours with the premises, as also y<sup>t</sup> some meet person may be appoynted, to serve as Marshall, the Place being wholly at present destitute, & make bold to Subscribe, Y<sup>r</sup> Honours,

After all Respective Remembrances,, these are considering o<sup>r</sup> County Court draweth nigh, & there being no stated person who can officiate in order thereunto, that there may be a proposall to the Hon<sup>d</sup> President & Council,

of Jonathan Hammonds of Wells & John Graves of Kittery, or some other fitt persons to be Marshalls for o<sup>r</sup> Province, humbly conceiving there will be need of two, o<sup>r</sup> County extending about seventy Miles in Length, — And allso y<sup>t</sup> the Order relating to the Trade of Peltrey, may be printed with addition of Power to any Just<sup>o</sup> of Peace upon suspicion of any persons trading without License, upon his Warrant to the Constable, to make search for any Furrs or Peltrey, which found to be seized as forfeit for the use of the Treasurer, unlesse the Party concerned can prove he came by them some other Way, then with trading with the Indians, — And allso there being a high contempt in the Towne of Scarborough ag<sup>t</sup> the former Authority, in not placing their Meeting house according to their Orders, & that there may be some Impowred at the next County Court to determine the Matter, the Parties concerned thereunto being summoned there to appear upon writt of Seire facias, which is humbly conceived will put an end to about four yeares difference, & y<sup>t</sup> whatsoever Acts of Council doth pass the Presse, may be conveyed p<sup>r</sup> the first Opportunity. The consideration of the Premises will further Oblige him, who Subscribes, S<sup>r</sup>

the better Prevention of Frauds of this kind, Noe Shipp or Vessell doe Lade or Vnlade any goods or Commodity's what soever untill the master or Comander thereof hath first made knowne to your selfe or the Person appointed by you the Arrivall of such Shipp or Vessell with her Name and the Name and Sir Name of the Master and hath Shewne that she is a Ship or Vessell duly Navigated and otherwise quallified according to Law and hath delivered a True and Perfect Inventory of her Lading together with the Place or Places in which the said goods were Laden and taken into the said Shipp or Vessell under forfeiture of such Shipp and goods ~

We are frequently Informed from our Agent in Scotland of Severall shippes coming thither with the Enumerated Plantaçon Commoditys without touching to Clear in any Port of England Wales or Berwick, being generally Shippes that pretend to belong to, and give Bond in the Plantacōns, which are Plaine Instances of the great Neglect or Corruption of the Officers Employed in Executing the Law's, without which Wee think it almost Impossible that shippes should take in their whole Ladings and not be discovered either at their Arrivall or Departure. Wherefore Wee desire you for his Ma<sup>ts</sup> Service, not only to make a Strait and Speedy Examination of these and the like frauds tending soe apparently to the Prejudice of his Ma<sup>ts</sup> Revenue and the Trade of this Kingdome But to take Care and give Effectuall orders that the like may be Prevented for the future, which may be done these Two way's 1<sup>st</sup> By your Care that all Shippes not Producing Certificats of Bond given in England Wales or Berwick be Obliged to give Bond to your selfe or Navall officer according to Law before they Load or take on Board any of the Enumerated Commodity's under the Penalty of the forfeiture thereof.

The Humble Petition of Rob<sup>t</sup> Lawrence of falmouth  
 in Caseo bay in y<sup>e</sup> Prouence of Mayne humbly sheweth  
 That when in obedience to y<sup>r</sup> Excellencies Command y<sup>r</sup> Pe-  
 titioner came to Boston y<sup>r</sup> Excellencie was pleased to grant

 mile square of land to Cap<sup>t</sup> Davis & accordingly y<sup>e</sup> warrant  
 to m<sup>r</sup> Clements y<sup>r</sup> Excellencies Survayer of y<sup>e</sup> Prouence of  
 mayn expresseth y<sup>e</sup> same: but Cap<sup>t</sup> Dauis before y<sup>r</sup> peti-  
 tioner had y<sup>e</sup> least knowledge of y<sup>e</sup> survoyers arriual went  
 & gott him to lay out a mile square of y<sup>e</sup> best & Choycest  
 of y<sup>r</sup> s<sup>d</sup> Petitioners land together with aboue y<sup>e</sup> one halfe of  
 y<sup>e</sup> Principall of all y<sup>r</sup> s<sup>d</sup> Petitioners marsh; w<sup>ch</sup> y<sup>r</sup> Petitioner  
 haueing notice of went to him & tould him y<sup>t</sup> y<sup>r</sup> excellencie  
 had promised mee y<sup>e</sup> Confirmation of my land & allso my  
 marsh w<sup>ch</sup> y<sup>r</sup> petitioner & his predecessors haue quietly &  
 peaceably enjoyed for aboue thirty yeares past without lett  
 or clayme or molestation from any person w<sup>t</sup>soeuer w<sup>ch</sup> land  
 & marsh was purchased both from y<sup>e</sup> Indians & English & con-  
 firmed by three gennerall Courts & w<sup>ch</sup> hath been constantly  
 Imroued Both before & allso euer since y<sup>e</sup> Indian warrs, &  
 for w<sup>ch</sup> y<sup>e</sup> s<sup>d</sup> Petitioners predecessors haue duely & truely p<sup>d</sup>  
 all taxes & Rates before y<sup>e</sup> deuastation, & since y<sup>t</sup> time y<sup>r</sup>  
 Petitioner hath constantly p<sup>d</sup> y<sup>e</sup> Rates & taxes for y<sup>e</sup> same  
 & hath Constantly mowed all y<sup>e</sup> s<sup>d</sup> Marsh as all y<sup>e</sup> old In-  
 habitants of y<sup>e</sup> town of falmouth can testify the whole marsh  
 w<sup>ch</sup> y<sup>r</sup> Petitioner possesses being in all not exceeding thirty  
 acres w<sup>ch</sup> y<sup>e</sup> s<sup>d</sup> Davis hath continually been by all erregular  
 meanes striucing to depriue y<sup>r</sup> s<sup>d</sup> Petitioner of, & findeing  
 no other way erected a saw mill aboute three yeares past  
 neare y<sup>e</sup> s<sup>d</sup> marsh vpon a small brook w<sup>ch</sup> most part of y<sup>e</sup>  
 Sommer is dry & without water w<sup>ch</sup> all this time hath not

cut twenty pounds worth of boards; w<sup>ch</sup> s<sup>d</sup> mill was erected for no other end but to deprive y<sup>r</sup> s<sup>d</sup> Petitioner of his Marsh w<sup>ch</sup> is well known to y<sup>e</sup> whole town; he haueing already Incroached into his lands between twenty & thirty acres of Marsh allready for w<sup>ch</sup> hee neuer p<sup>d</sup> one peeny now seekes vnjustly to deprive y<sup>r</sup> Petitioner of his w<sup>ch</sup> If y<sup>r</sup> Excellencie should grant s<sup>d</sup> Dauis would be y<sup>e</sup> vtter ruine & destruction of y<sup>r</sup> petition<sup>r</sup> who must then be forced to starue his own Cattell for such a p<sup>r</sup>son who seekes nothing but y<sup>e</sup> Ruine & destruction of all his neibours as is well known to all y<sup>e</sup> Inhabitants for whome it would haue been happy had he not Come amongst them seekeing to enjoy y<sup>t</sup> w<sup>ch</sup> other men haue honestly p<sup>d</sup> for & spent theire time & labor & estates & liues vpon when he ran away from his own at Kinnibeck where he pretends he hath land & marsh enough yet striues to deprive others of their Just Right vnder a pretence of a publick good w<sup>ch</sup> hath been allmost to y<sup>e</sup> ruine of y<sup>e</sup> whole place w<sup>ch</sup> If any p<sup>r</sup>son in y<sup>e</sup> prouence hath a right to any Land he presumes he hath to that & hath bee more beneficiall to y<sup>e</sup> town then euer Dauis hath & p<sup>d</sup> more rates & taxes as is eazy to be made appeare.

y<sup>r</sup> Petitioner therefore humbly prays y<sup>r</sup> excellencie y<sup>t</sup> his s<sup>d</sup> land & marsh may be confirmed to him & y<sup>t</sup> y<sup>r</sup> excellencie would be pleased to send an order to y<sup>r</sup> Survayer y<sup>t</sup> it may bee forthwith layed out to him y<sup>t</sup> he may not bee deprived of his Just right to his vtter vndoeing; likewise y<sup>t</sup> y<sup>r</sup> excellencie would be pleased to remit a fine of twelue pounds vnjustly laid vpon mee & If not y<sup>t</sup> you would be pleased to giue mee one years time to pay it in because I am at p<sup>r</sup>sent vncapable to pay it & y<sup>r</sup> petitioner shall as in duty bound euer pray, &c.

Humbly Sheweth

That Whereas yo^r Petition^rs stand seized of a considerable tract of land formerly Called and known by the name of Sawgadock alias Saco lying scituate in the Province of Maine within his Maj^{ties} Territory and Dominion of New England, granted by the right Hon^{ble} the Councill of Plimo^h in the County of Devon for the affayres of New England in America, unto John Ouldham and Richard Vines their heirs and Assignes for ever by grant under their common Seale in the yeare of o^r lord God 1629, and Seisin and possession thereof taken by s^d Richard Vines, planted and inhabited

by a considerable number of persons and families pursuant to the said grant, and afterwards granted by s^d Vines unto Docter John Childe by the name of Sawgadock alias Saco Anno 1645, and by the s^d Child alienated into John Bex and Comp^a Owners of the s^d Iron works — and by their Agent and Attorney (impowred so to do) passed by Deed unto the s^d William Phillips with livery of Seisin executed therevpon An^o 1659, and quietly and peaceably possessed and occupied by him and others under him for the space of neer thirty year's now by past untill of late molested and interrupted by one m^r George Turfrey upon vain and frivolous pretentions who by falacious insinuations and suggestions hath sought to undervalue and defame their title thereto, sometimes pretending to claim in right of one m^r Abraham Heaman, otherwiles labouring to obtain a grant thereof to himselfe, insinuating as if the s^d Maj^r Phillips had paid but a very inconsiderable value or consideration for the s^d purchase which is altogether untrue, for the first purchase hath not stood him in so little as two hundred and fifty pounds besides his great disbursments and expences laid out in the improvements made thereon, and now endeavors used by the s^d m^r Turfrey to disinherit his children

To his Excellency S^r Edmund Andros Kn^t Cap^t Generall & Gov^r in chief in and over his Maj^{ties} Territory and Dominion of New England in America &c./

The Humbe Petition of George Hisket of Boston Sheweth

That Whereas yo^r Petiti^r went with his Sloope and Severall hands to New : Dartmouth in Sheepscot=River wth purpose to bring from thence a Ship, belonging to y^r Petiti^r & Thomas Atkins of Boston House=carpenter, whereupon yo^r Petiti^r got a Bill of Sale signed and Deliuered by the builder for s^d Ship, and acknowledged before Cap^t Nich^s Maning Justice of the Peace there. But before y^r Petiti^r could set sail and come from thence wth her, s^d Cap^t Maning detained y^e s^d Ship, and prest from yo^r petiti^r his powder, and left him but seven pounds for his own & fourteen p^{sons} besides defence: yo^r Petiti^r therefore with the men with him wanting amunition, and provission by his long tarrying there, petitioned to the s^d Cap^t Maning that yo^r petiti^r might come to Boston or go to Pemequid for relief. But s^d Cap^t Maning was not willing I should; yo^r Petiti^r having a family on board his vessell, and a sick woman, was forced to come for provision, & Ammunition for his defence, and others in his and s^d Thomas Atkins's employ. yo^r Petiti^{rs} constant sence & opinion being, (and hope allwaies shall be) that it is his duty to be obedient to Authority, but at that time he was constrained by necessity to come to Boston for relief.

aboves^d Atkins's great cost and charge and being a frade she will be frozen in or otherwise kept from us by the troubles there, to our great impoverishment (if not ruin) without she be speedily brought from thence: therefore earnestly begging direction herein. The which shall farther yo^r Petiti^r as in duty bound daily to pray for yo^r Excellency &c./

Considerations concerning Indian Grants.

Considerations Offered to Prove thatt Indian Grants in the province of Main are not Sufficent to Eject a present Possessor.

1. Because of the King's patent to S^r fferdinando George in the Year 1622 or 1629.
2. The former Government made Severall Publications after the Land was Conqvered from the Indians thatt all should bring in their Claimes in Such a time as was therein Expressed and Limited or thatt otherwise the Land should bee Disposed of to Any of his Majestys Good Subjects that Would present for the Setling of the Country.
3. if Indian Titles bee of force Yett M^r Lawrence his Title Cannott bee Good being nott Obtained from the Right Saggamore as Severall of the Indian Sagamores Did Declare before Capt Edward Tyng Cap^t Joshua Scottow Cap^t Gendall and Others that Cheberina was the Right Indian Sagamore of all those Lands.
4. if the Mattachusetts Government have Confirmed the said Title to the said Lands to the said Lawrence or his Ancestors yett nott Legall Because they Did not Confrme the said Lands in a Legall and Requisite Way.
- 5 M^s Mary Montjoy Did Make an Agreement with M^r Thomas Danforth Late presid^t of the said province of Mayne to Divest her self of all Claims, to Lands within the Towne of falmouth Excepting What is Reserved in that Instrument.

The intelligence of the Indians taking eleven English more of the inhabitants of Kenebeck is already sent forward to you, w^{ch} must needs increase the fear & disturbance of the people in those parts as the insolence of the natives

upon discourse with M^r Hincks I cannot but concur with him in opinion that it is very adviseable to dispatch a vessel forthwith, with about 30 souldiers well fitted to Falmouth, there to be improved by Colonel Tyng as the present condition of those parts may require. What successe the return of the Indians may have (of w^{ch} we have no account as yet) is uncertayn; but whatever it bee we judge the supply above may bee very usefull by way of in couragement to the English who by all meanes are to be ordered to resettle the deserted places. if any further intelligence come to prevent your sending the men forth you may then advise further upon it, but it will be best forthwith to have them in a readinesse M^r Hincks & my self have also agreed (if we have no other account from Colonel Tyng) to goe on monday next towards Falmouth that by way of Advise & countenance we may be helpfull at such a season. pray communicate these lines with my service to Colonel Shrimpton

Fearing that the kennebeck People, when they sent, y^e Indians Letter to Boston, had not sent a Clear account of y^e manner, of y^e English prisonners being taken, i haue sent a man from hence, that has receiued from the old fellow, that was sent back by y^e Indians to carry y^e letter this account inclosed, by which you see they are Strong & well armed, & by their acting haue certainly Encoragem^t from all y^e rest

of y^e Indians of these parts, who if they succeed in their beginning will certainly Joyne with them, & what make me fear it most, is that i hauing sent to Madakwando (by a [Indian] that was att Pemaquid being sent by him) to Come himself hither to speak to me, his not come, they are all to be sure gathered together att Penobscott Encoraged by Castines, & i haue gathered together new harbor with Pemaquid, & haue a strong watch well kept, & if they attempt here, they shall haue a sore welcome; i had aduice Last night from John Payne, that the Indians haue killed 15 of his sheepe, & seuerall pigs & seuerall cattle besides of that riuer, & leaue them rotting & stinking upon y^e Ground, so if a course is not taken they shall ruin all that riuer, there was also perceiued a great smoake by them that brought me aduice from kennebeck & they doubt but it was some house that they had put a fire, so you see they are boystrous, and if they are not dealt stoutly with at beginning they will Insult & they shall haue a great many assisters, & if they be seuerely dealt with, they shall cringe Like dogs, i haue thought of making a detachem^t of some few men out of euery towne in this prouince, but i haue found them so weak that they had scarce enough to keep their townes, therefore i thought twas better to lett some cattle go, then Endanger the whole, & i thought they would certainly fall upon the Townes while wee were hunting for them some where else, leauing our Townes unfurnisht, the Townes shall be keep't with so much care that the Indians shall pick no more, people Except they ruin the whole. but to preuent their further coming upon us, & subduing of these Insulting Indians, there is great need of sending from Boston a sufficient quantity of men well armed, who shall be imployed as is necessary, be either secretly conueyed in Kennebeck riuer, as far as merry meeting to surprise them, or go as for as tacohok fort and there fall upon them, where

the body of them is, Expecting a couple of men from us with an answer from Boston, or be otherwise employed as necessity requires, you shall do as you please for if Sacco prisoners are deliuered, there shall be no need (they say) of making warr with them, for they shall deliuer ours, but i see by their killing of cattle, they Intend to procee further, if your Exclle was pleased to grant me the fauor to send an officer to take charge of y^e fort & lett me go [with] the men sent from Boston, i would do my best endeauor both with prudence & courage to acquitt my self of my duty & render me selfe worthy of the fauor you would honor me withall, in granting y^e request of

I sent to Madakwando & maxis the inclosed, with a boat armed, ordered to go where he could find any Indians, but i am afraid they are all gone in y^e woods or else att Penobscott, i gaue them orders to treat y^e Indians very kindly if they meet with any, but to haue a Care of being Surprised, & if they do not come according y^e Inclosed wee may certainly conclude them fomenterers of y^e mischief & agreed Enemies; i act as prudently as i can but in Kennebeck riuier one is for securing his goods & the others his, & so nott obseruing what order i had sent them they haue been taken, my orders were to secure themselues in new Towne & Saccaedahac & nott to go abroad, but in strong parties. but y^e officers there are such fools, that it is easy for the Indians to take aduantage of them & i am afraid to weaken other places by sending them help, & they are stronger there in men then any where else but only they are not so well ruled but i haue sent such orders that y^e Indians shall do them no mischief as to their persons, till order or help from yo^r Exclle

pray dispatch to us some bread, Candles, molasses, match, a small quantity & remember if you please about Castine who might do us a great mischief now.

Two Indians Squaws came Last Munday from Madakwando who was then at Carodomak Island, six Leagues from Pemaquid, the s^d Squaws told me that Madakwando desired some body to be sent to him to discourse him about the reason of all this tumult, I told them to tell Madakwando, and Maxis also, that it was below us English to send to them, since the articles of peace betwixt us did oblige them, if any mischief was Intended, by any Indians, to prevent it, or discover it to us, and if any mischief was acted, to bring y^e disturbers of y^e peace & if they could not, the same articles oblidge them to come here to us & joyne with us, & by it shew to us that they did not side with our Enemies, in all which articles the s^d Madakwando had failed, therefore if he did not appeare within three dayes wee should Esteem them as Enemies. four dayes since are Expired & no news of them heard, therefore it is plainly seen that they do only act, to prolong time, & by their pretending ignorance of all the mischief acted, that they side with the rest, & Intend to fool us if they could into a beleef of their true Intent, but it will be found that in them Lyes the greatest fault, I shall look sharp about their motions,

the Squaws told me that Castines talked of coming to this place, to be reuenged, but i think him too cowardly to attacq a place of any defence, but rather counsell them, to do mischief, where there is no danger; your Exce^{te} shall haue a^ccount of John Payne how the Indians Intended to Ketch them, but i haue sent them word, not to goe to them, Except equall number, & to make them come to them, rather then to go to the Indians, & in all things to shew that they are not afraid of them, & do all for the English honor, in speaking so to them, that they might understand that if they do not quickly make satisfaction they shall haue cause to repent their Rogueries.

Wee haue in the Garrison no candle, very Little match no molassoos at all hauing wanted it this week; Bread only for one week, and if wee are not quickly supplied, wee cant tell what to do, & in such time as this, wee should be better stored, all vessels being afrayd to come near us, as for y^e people, they are submissiue enough to comand & wee keep euery where, such strict watches that no Enemy can offend us. Brother Corlaer our heart is much Pressed with Grief that
our Brethren to y^e Eastward are soe kill'd and Robb'd: Be-
lieve it and we doubt not but this comes from Onnondio y^e
Governo^r of Canidaes heart (though Closely) Lest Corlaers

Subjects Defend themselves Bravely that they be not Ashamed.

The Onnondages Said

The Waganhaes with their Associates the Dionondadees TwichTwichs and Kichtages who have killed three Onnondages and Some of y^e Sinnekes and Oneiydes Broke y^e Covenant Chain of Peace or Cessation — Onnondio y^e Governo^r of Canida is very angry at it, thus hath he acquainted us ; The Governo^r of Canida says they have Deserv'd Punishment —

Wee Believe shall have news shortly from Canada Many of our Onnondage Indians are gone out a hunting towards y^e french Territories, and withall to have an Eye towards y^e french Proceedings Wee hear y^t all y^e french Bushlopers are sent for to come home in y^e Spring, Onnondio y^e Governo^r of Canida will not admitt them to be Longer among the Indians.

That he had done no hurt ag^t the English, & he was glad he went no farther then M^r Hinks his house with the post letters, & m^r Hinks stopt him,

That whereas the Informant was lately att Sachadyhock with his vessell where he then had seven men whose names are hereund^r written came on board said vessell and desired a passage of s^d Heskett in her to Boston, w^{ch} he then refusd telling them he would not carry off any men without they were freely discharged from the service of their Command^r to w^{ch} they replyed they were, and further told y^m unless their Command^r came on board wth them to certifie the truth thereof he would not transport them to Boston, whereupon Soone aft^r their comand^r Elisha Andrews with one Francis Lowd w^{ch} came from the present Council, brought the said men on board & declared they were free from any Command of s^d Andrews he haveing nothing to doe with them: the said Francis Lowd also declared to y^e s^d men, that y^e honrd Governo^r asked why these men did not come away with the rest.

Likewise John Heskett sone of y^e s^d George being att Zackady Hock & in company with the s^d Andrews and Soldiers, heard y^e s^d Andrews promise them provisions to carry them to Boston, & Saw him deliver them Porke and bread out of y^e Store, and told them if they would goe they might, and that himself intended not to be long after them: and said he could not answer it to goe with them: afterwards the s^d men came & asked y^e s^d John Heskett whether he was willing they should goe for Boston ~ to which he made them no answer, but immediately went to y^e s^d Andrews and asked him concerning the matter who told him they might goe, he haveing no power to stop them and wⁿ the men went to goe on board y^e s^d Vessell he heard his fath^r

warne them from comeing on board, unless they Brought their officer with them who came with them And that the said Andrews Shewed his ffree Consent thereunto by proffring to pay their passages.

Likewise he heard his father say to y^e s^d Andrews aft^r y^e men were aboard, that if he had any Service for y^m he would Command them on shoare he shou'd have every man : But instead thereof tooke his leave of y^e men & wished them all well & safe home : and aft^r wee ridd one night in y^e harbour y^e next morning wⁿ the vessell came to Saile y^e s^d Andrews Saluted her with a gun & wee gave him a gun againe for thanks —

Boston June 15. 1689/

Likewise Some of y^e Seven men Say that they heard three men att Zachady hock declare that they had been with y^e Council in Boston to see whether they had any Service for them to doe, to w^{ch} they replied they would not be concerned with those parts that lyes on the Eastern side of Kenny Beck river — —
